

Shirley Jensen of Antioch and Gary Richter enact roles in the comedy "Barefoot in the Park" which will be given by PM&L Theatre group Feb. 20, 26 and 27 at its playhouse at 877 Main St. The play also will be given March 5 and 6.

Antioch's PM&L To Stage Comedy

PM&L, Inc., is offering a sure cure for the winter doldrums. The hilarious Neil Simon comedy "Barefoot in the Park" will be given at the PM&L Theatre, 877 Main St., on Feb. 20, 21, and 27 and March 5 and 6.

Curtain time is 8:30 p.m. This is the second play in the Season X line-up and is directed by Gary Richter.

Corie Bratter, the dewey eyed and slightly addle-brained bride is played by Suzi Burns from Fox Lake. Suzi is a newcomer to PM&L and played in the workshop production of "The Rope." She is the choreographer for the Zion Pacemakers and just opened a dance studio of her own in Fox Lake.

Paul Bratter, the new groom and also as new lawyer, is played by Gary Richter from Antioch who also has the tremendous job of directing the show. Gary has been actor, director, and board

member for PM&L almost since its beginning. He had starring roles in "On Borrowed Time," "The Rainmaker," and "Never Too Late," and directed "Mary, Mary" and "The Odd Couple." Victor Velasco, an outlandish gourmet who lives in the loft on the roof above Corie and Paul, is played by Gerald Pettera from Round Lake. Gerry has had much experience with community theatre elsewhere in both acting and technical work. Since joining PM&L he has been in "My Three Angels" and "The Rope."

Shirley Jensen from Antioch has been in numerous character roles for PM&L and this is by far the most demanding. She plays Corie's kookie mother and is an absolute scene stealer. Shirley won the 1970 Mr. Thespis Award for the role of Mrs. Brinker in the children's production of "Hans Brinker and the Silver Skates."

Phone 395-9702 for reservations.

High School Group Nominates Rimkus

Robert Rimkus has been nominated for president of the Antioch-High School Education Association.

Others slated are Lee Mieuire, vice president; Ronda Wapon, secretary.

Nominated for representative

Tuesday Is Deadline On Car Sticker

Deadline to buy your 1971 vehicle sticker is at 4:30 p.m. Tuesday, Mrs. Marilyn Sterbenz, village clerk, announced.

The cost of the sticker for owner's trucks and passenger cars is \$6.

And, there will be the possibility of being stopped by the police, which means a fine.

assembly were Gary MacDonald, Sue Gerasch, Elaine George, Gerald Sandberg, Ted DeRousse and Roland Schleusener.

The slate was accepted for nomination.

Candidates will be voted on in the March meeting.

A proposal by Elmo Edwards that the association make a contribution to the Dr. William C. Petty scholarship fund. The suggestion was approved.

School board members explained the change from the accrual accounting system for the high school district to cash basis accounting system.

Representing the board were William Brook, president; Robert Denman, secretary, and William E. Petty, a board member.

David Cain, board accountant, explained the accounting change.

A fire caused an estimated \$60,000 in damages to a trailer destroyed early Sunday at North and Main Streets.

A preliminary investigation by Fire Chief Charles Mapletorpe that a faulty heater touched off the blaze that engulfed the trailer containing grouting equipment and television cameras used in photographing underground sewer leaks and breaks.

The trailer was owned by the National Power Rodding Co. of Chicago which has been hired by the village to do grouting work and seal cracks and leaks in the Oakwood Knolls Subdivision on the village's north boundaries.

Chief Mapletorpe said that the trailer had been brought into the filling station at the southeast corner and its electrical lines connected to outdoor terminals in order to keep the trailer warm.

"An indication is that one of the heaters on the inside was faulty," said the chief.

Chief Mapletorpe said the blaze lighted the sky and could be seen for several miles.

The 30-foot trailer was the only thing destroyed.

The chief said the tractor towing the trailer was not damaged nor adjacent property such as the filling station.

He said that water was used at the beginning to put out the fire, but that later foam had to be used to smother the flames.

Chief Mapletorpe said there were no injuries to the volunteer firemen.

Antioch Lawmaker Breaks Arm

State Rep. W. J. Murphy (R-Antioch) will not be attending the legislative sessions for a while.

He broke his right arm, between the shoulder and elbow on an icy driveway and is in the hospital.

The Antioch lawmaker had just helped push a car and was walking back to his auto with his wife, Virginia, when the accident happened.

He expects to be in Victory Memorial Hospital for about a week.

Murphy said he thought it would be two months before the cast came off.

William E. Brook, president of The State Bank of Antioch, is shown presenting a check in the amount of \$216 to Jeff Schmidt, representing the Antioch members of the Waukegan YMCA Swim Team. The team swam a total of 108 miles, and received \$2 from The State Bank for each mile they swam. The event was a Swim-A-Thon at the Waukegan YMCA, staged for the purpose of raising money for the team. Members of the team include: first row, left to right; Ricky Sampolinski, Craig White, Teddy White and Jack Fields; second row, Johnny Schmidt, Jenny Schmidt, Jeff Schmidt, Jerry Schmidt and Linda Fields; back row, Roy Berry, Coach, Kim Kopp; Mary St. Pierre and Marty Berry, Coach.

Mass Heart Screening Scheduled For March 28

Dr. Edward R. Abderholden said today that Antioch is planning, in conjunction with Lake County Heart Association for mass screening for possible coronary risk factors is set for March 28th.

In the Lake Countywide Spare Your Heart Sunday. "We are just getting organized here," said Dr. Abderholden, "and we need all of the lay help we can get for such a worthwhile undertaking."

A total of 22 persons died in 1969 from coronary diseases or more than 50 per cent of all the death in Antioch were a result of heart attacks.

"Many of these deaths were unnecessary had individuals been aware of the coronary risk factors they encounter daily," said a spokesman for the Heart Association.

The screening is set between 8:30 a.m. - 12:30 p.m. for a nominal fee of \$2.

Purpose of the screening is to check cholesterol and glucose content in the blood, blood pressure, smoking record, height and weight and customary physical activities.

Screen centers are being established throughout the county with between 15 to 20 thousand persons expected.

Most of the hospitals in Lake County along with Lake County Medical Society and the District Nurses Association are cooperating.

Volunteers are needed as carriers to transfer blood samples to laboratories, nurses, receptionists and cashiers.

This is the first time such an undertaking has been made in the State of Illinois.

"Such a venture can only be successful with a sufficient number of volunteers from the area," said Dr. Abderholden.

Annual Fish Derby Will Be Sunday On Lake Catherine

It's coming Sunday!

The annual fishing derby sponsored by the Antioch 885 club will be held, starting at 6 a.m. and continuing until 4 p.m. on Lake Catherine, one mile west of Antioch on Rte. 173.

There will be food and refreshments available for the angler. Registration will be \$1. Prizes will be offered every hour on the hour.

Clarence Larson is chairman of the event.

11 From Antioch On C.L.C. Honor Roll

Dr. R. Ernest Dear, Dean of Instruction at the College of Lake County, announced that 277 students at the college qualified for the Dean's Honor List for the Fall semester of the academic year 1970-71.

Eleven students from the Antioch area were named to the Dean's List.

Dr. Dear stated that the qualifications for the Dean's Honor List require that a student carry a full load of 12 or more semester hours and achieve an overall grade point average of 3.0. Dr. Dear stated that 102 students achieved an overall grade point average of 3.5 or better.

Dr. Dear stated on behalf of the faculty and staff of the college, "We are proud of the academic accomplishment of these students

and wish them continued success in their academic endeavors. It is significant to note that the number of students who performed at a level which would qualify for the Dean's List increased from 142 for the spring semester of 1969-70 to the present 277.

"A special commendation (Continued on page two)

Proper Owners To Sponsor Dance

The Oakwood Knolls Property Association will hold a Valentine Day Dance, starting at 9 p.m. Saturday in the Antioch American Legion Hall. Music will be provided by Bill Pringle and his Band. Tickets will be available at the door.

Weber In Race For Trustee

Competition for seats on the Village Board is growing with the filing of a petition by Arnold Weber for one of the four year terms.

Mrs. Marilyn Sterbenz, village clerk, said Weber was the latest candidate to file his petition. She noted that the Village Board also had completed its circulation of petitions and has filed its ticket. The last day to file is at 4:30 p.m. Tuesday, Feb. 16.

The Village Board candidates for three year terms are Arthur Meierdick, Robert Bemis, and Frank Kuechenmeister.

Ronald Vos is listed as the candidate for the unexpired two year term.

The Peoples Party comprised of incumbents was the first to file in the April 20 election. They are Richard Radke, J. Irving Walsh and Richard O. Burnette.

George W. Bartlett is on the ticket for the two year term.

Other independent candidates are Mrs. Margaret Nelson of 575 Drom Court and William Seemann of 649 Longview Drive, an Antioch High School science teacher.

Grass Lake PTA Slates Monday Night Meeting

The Grass Lake School PTA will meet at 7:30 p.m. Monday. Browne Troop 210 will present the colors.

Mrs. James McMillen will present a preview of her Mary Todd Lincoln dolls along with the modeling of two inaugural gowns to honor President Lincoln.

Parents are invited to view the display of the "Learning Fair" which consists of books, creative games, hobby materials, etc.

The children will view the display during the school hours and make their choice known to their parents who may order after the regular PTA meeting.

The Seventh Grade students will hold a bake sale March 6 in the lobby of the State Bank of Antioch.

Trustees Amend Zoning Ordinance

The Village Board has amended its Zoning Ordinance to grant Sabra J. Shepherd and Lester H. and Mary J. Zitkus a variation under the R-5 multiple family dwelling district for the construction of a two family dwelling at 281 Park Ave.

Postman Won't Ring On Monday

Antioch Postmaster Robert Carter has announced that there will be no rural delivery or counter service at the Post Office on Monday, Feb. 15, for Washington's birthday.

Diane Lynn Jensen

Miss Diane Lynn Jensen, daughter of Mr. and Mrs. Ray Jensen of Crooked Lake Oaks, Lake Villa, Rock Island, received a cap or chevron from Lutheran Hospital School for Nurses.

"Capping" is an impressive candlelighting ceremony which is held during the first quarter of the freshman year. It is intended to bring special attention to the opportunities for Christian service offered by nursing. Each student is encouraged to re-examine his goals for entering nursing and to re-dedicate himself to service to man for "The Greater Glory of God."

Lake Villa GI Wins Army DFC

Army CWO Bruce A. Bonner, 22, son of Mr. and Mrs. Howard J. Bonner of rural Lake Villa, has been awarded the Distinguished Flying Cross near Can Tho, Vietnam.

CWO Bonner received the award for heroism in action while engaged in aerial flight in connection with military operations against a hostile force in Vietnam.

The chief warrant officer entered the Army in January 1969 and completed basic training at Ft. Polk, La.

A 1966 graduate of Antioch High School he received an associate degree in 1968 at Wabash Valley College, Mt. Carmel.

He also holds the Bronze Star Medal.

Cotillion Dance Set For April 17

The Mental Health Cotillion will present "The Dancing Sound" of Jerry Blake and his orchestra April 17 at the Abbey in Fontana, Wis.

The committee has made special arrangements to allow patrons to reserve accommodations at the Abbey on the night of the dance.

The Antioch Mental Health Association will hold its "Burst of Spring" fashion show at 8 p.m. March 3 at Lorenz's Country House on Rte. 173.

Tickets are available from Pat Lorenz at 395-1152.

Toll Free Phone Calls To S.S. Office

John F. Wysocki, Manager of the Waukegan, Illinois Social Security Office announced "Toll Free" service for his entire service area.

Wysocki said, "If you are a resident living in Antioch you have normally paid a sizable toll to receive answers to your questions or to file a claim for benefits by telephone."

This toll free service became effective January 29, 1971.

Antioch Delegation To Attend Luncheon

Grant Spong of Quaker Industries, president of the Antioch Chamber of Commerce, will head a delegation to the first Legislative Session Tuesday in the St. Nicholas Hotel, Springfield.

Others in the delegation are George Hahn of Hahn Jewelry, and Ev Ofstedahl, president of Frosted Foam and Expanding Foam.

Robert J. Lehnhausen, director, Illinois Department of Local Affairs, will be the speaker. He is expected to discuss the local government article of the new Constitution.

Lehnhausen, a former Peoria mayor, has completed the first full year of his department's existence.

"His insight concerning legisla-

tive needs for local government should materially add to our determined effort at effective legislative action on issues vital to local communities," said Harold Crater, manager, community development department.

The luncheon is sponsored by the Illinois Chamber of Commerce.

Attorney Ted C. Larson, of the firm of Larson and Lumber, 388 Lake Street, Antioch, has been admitted to practice before the United States Supreme Court. Under the sponsorship of Cong. Robert McClory, R-Lake Bluff, from the 12th District of Ill. Larson appeared before the full Court of Nine Justices, in Washington, D.C., on Jan. 25, and was then sworn in by Chief Justice Warren Burger. Such licensing permits Larson to subscribe his name to the roll of Attorneys of the United States Supreme Court and hereinafter to practice before that Court. At right is Mrs. Larson.

State Objectives

Schools have a remarkable opportunity in this decade to establish an educational system that really works.

More money, more teachers, and more buildings are available than ever before. A host of new educational methods have been tried or are in process with varying degrees of success.

But student unrest, parental concern, and employer dissatisfaction with the quality of education show that most schools do not yet have the right formula for motivating students and providing the right mixture of educational opportunities. Each young person should be educated to the best of his abilities.

Local control of schools is deep in our national tradition and should not be abandoned. However each district should be required by state authorities to establish specific educational performance objectives, to measure student achievements, to evaluate teacher performance, to establish accountability criteria, and to issue an annual public report on results.

Schools must meet society's real needs, including those of students and industry's manpower training requirements. A clear statement of educational objectives is essential for students and parents to make the right choices for the future.

Going Up

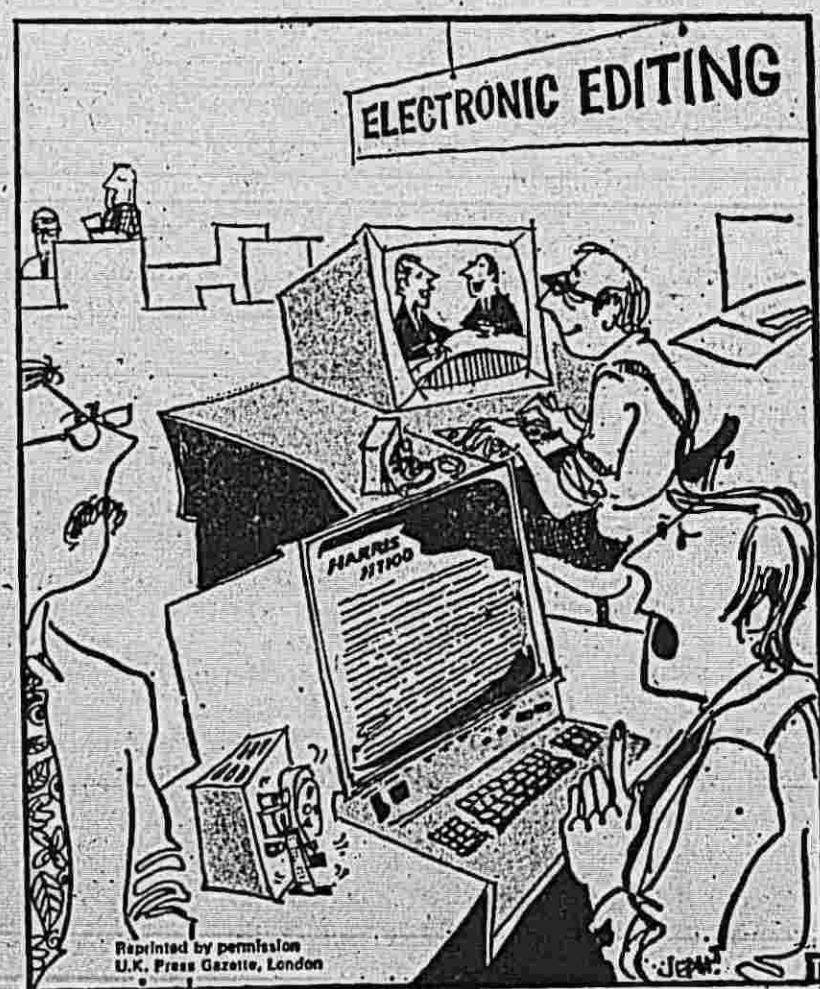

The prospects of reducing federal payroll costs are indeed bleak, now that annual raises for government workers seem to be firmly established.

The two big pay hikes workers got in 1969 boosted total government payrolls almost \$4 billion for the fiscal year ended June 30, 1970.

Now it looks as though payrolls in 1971 will increase \$2.7 billion, including the first increase expected under the new comparability plan to match private-industry pay.

The average mean pay of a government civilian worker in June of this past year was estimated at \$9,100, more than 70 per cent higher than 10 years earlier.

It looks as if more and more of our tax dollars will be eaten up in "administrative expenses" rather than be siphoned back to the communities for constructive use.

"Pretty sneaky. He gets his from the eleven o'clock news!"

11 From Antioch...

(Continued from page one)
should be given to "Laura" M. Carruba of Rte. 1, Box 422, Antioch, who achieved an overall 4.0 straight 'A' average in all courses attempted.

Other Antioch students were Pamela N. Barre, RFD 4, Box 45A; John C. Bjork, RFD 3, Box

420; Barbara S. Druse, RFD 4, Box 320; Rick Lee Erickson, 948 Main St.; Richard D. Fowles, RFD 1, Box 516; Rosina K. Hellstern, RFD 2, Box 358; Patricia J. Johnson of RFD 4, Box 276; Victor Lahti of 661 Drom Court; John J. Murphy of Box 383, and Robert Neuman of RFD 1, Box 340.

Lake Zoning Board Studies Land Uses

Zoning recommendations to determine the future of large scale unincorporated Lake County land use are now in the hands of the County Zoning Board after the second public hearing in Waukegan.

Nine witnesses spoke for low density open space "planned development" zoning and conformance to a countywide comprehensive plan not yet in existence, but under 1971 high priority study by the county Planning Commission.

The alternative is high density apartment developments that would quickly change the character and ecology of Lake County open space zones AG (Agriculture), E-Estates - 5 acre residential, and SE (Suburban Estate - 2 acre residential) representing about 70% of the Lake County area.

Taxes would be raised, highways and schools congested, and lakes and streams more polluted, it is claimed. No witnesses appeared for the high density developers, who were so prominent speaking for large scale high-rise apartment "planned development" at the December public hearing. The Volo Bog area controversy had been mentioned at the earlier hearing.

Atty. J. William Braithwaite representing Barrington, South Barrington, Barrington Hills, North Barrington, Tower Lakes and Deer Park (BACOG) outlined numerous changes needed in the "planned development" zoning amendment draft of November 12th. He said that present weak proposals for controls of trailer parks and small shopping centers in unincorporated sections could be negatively interpreted by judicial courts unless changes are made.

Nelson Forrest of North Barrington, a member of the county Plan Commission, pointed out that there are no sewage facilities or definite wastewater disposal plans in western Lake County to handle intense residential developments without further pollution.

Others appearing in favor of low density "planned development" zoning controls were William H. Miller representing Cuba Township civic interests, and Joseph E. Hammer, Zoning Appeals Board Chairman of North Barrington. The Lake County Municipal League, representing 47 incorporated villages throughout the county, filed a resolution in opposition to the unsatisfactory "planned development" proposals.

Assistant Supervisor Earle Harrison, of Libertyville, who is County Board Zoning and Planning Committee Chairman, stressed

the importance of unincorporated area comprehensive planning to control future developments.

Zoning Appeals Board Chairman, Thomas Z. Hayward, said his group would require at least several weeks to study the extensive testimony before making zoning recommendations to the Lake County Board of Supervisors, who have final authority on the controversial issue.

Antioch's Water...

(Continued from page one)

December 1969.

"These samples were analyzed by the membrane filter procedure in our Bureau of Laboratories and none showed signs of contamination at the time of sample collection."

"The four samples taken during this inspection did not show any contamination."

Two recommendations were made by the agency:

They are:
—Raise the end of the Golden Anderson surge valve discharge pipe so that it terminates at least six inches above the top of the sewer drain pipe in order to prevent any possibility of back-siphonage of sewer water into the public water supply.

—Maintain the monthly chlorination report form on a daily basis and submit same to this agency following the end of each month.

Public Works Supt. Charles Mapletorpe said the department has complied with the recommendations.

Oakland School Open House Is Set For Monday

With the transfer of the sixth, seventh and eighth grades to the new Upper Grade School, Oakland School will conduct an open house for the first time this year at 7:30 p.m. Monday.

Ronald C. Marten, the principal, and the PTA invited all parents and friends to visit the classrooms and meet the teachers.

Medical Aides To Meet February 17

Lake County Medical Assistants will meet at 8 p.m. on Wednesday, February 17 at Cook Memorial Library, 413 N. Milwaukee Ave., Libertyville.

The meeting will feature Dr. M. J. Newell, who will speak on "Orthodontics, what it means to the patient."

All medical assistants are cordially invited to attend.

Registration Closes March 8

Grace Mary Stern, Lake County Clerk, advises that starting March 8, Voters' Registration will be closed for thirty days at the County Building, and with Deputy Registrars, in order to comply with the statute which requires that registration be closed for twenty-eight days prior to the biennial Township elections which will be held on April 16th, and remain closed for two days thereafter.

"I want to announce this far enough ahead so that people who are eager to become registered and to vote, have enough time to take care of it before the March 8th deadline," she said. "We here at the County Building will take registrations from 9 to 5, five days a week, and now that we're open on Saturdays from 9 to 12, everyone who wants to should be able to get in."

"The law requires that we have a moratorium on registration for that period so the people here in our office can get the precinct binders up to date for the coming election," she continued. "In some respects it is our busiest time."

When asked about the extra hours that the new Clerk has instituted on Saturday, Mrs. Stern said: "Business has really mushroomed from the first Saturday we were open. We are now so busy for three hours that we may even have to expand the number of deputies on duty. And it isn't costing the taxpayer a cent for the service; the employees who work on Saturday mornings get appropriate time off instead of overtime pay. When the word gets around that we're open, I'm sure we'll be really swamped."

But most of all Mrs. Stern emphasized, she is alerting all those who are "unregistered, or who have moved, or who have changed

their names — to the March 8th cut-off date. "Township elections need as much voter attention as national elections," she said. "Maybe more."

ALONG THE WAY with Annie Mae

GOOD SAMARITAN

Mrs. Lang of Bluff Lake gets our applause this week for her prompt offer of help to some snowmobilers who went in the drink in front of her home. I'm sure she saved them from getting pneumonia.

Speaking of snowmobilers going through the ice, there have been reports of at least eight machines in last weekend. Maybe these people think they are polar bears?

NEW OWNERS

Art and Lori Aerne are the new owners of The Hobby Barn, formerly Stowe's Hobby Barn. Good luck in your new venture.

Sorry to see you leaving the Antioch area, Russ and Judy.

John Romer has also sold his business but will be staying on for some time in a managing capacity.

CONGRATULATIONS

Judy and Dennis Beattie are proud parents of a baby girl born Friday. Don and Helen Gaston are the happy grandparents.

GET WELL WISHES

Bill Horan is recovering from a broken leg which happened over the weekend while skiing.

Bill Murphy is in the hospital with a broken arm. He slipped on the ice after helping a motorist.

HAPPY BIRTHDAY

Ray and Marianne Horan entertained at a family dinner honoring Caroline Horan on her birthday.

SEEING RED

Have you seen the Red Baron and Snoopy on the lake?

I have,
ANNIE MAE

Anita Stenberg Has Role In Play

Anita Stenberg of Antioch is a member of the cast representing Valparaiso University Players who will present "House of Bernard Alba" for three days starting Friday.

Completes Requirements

John Anderson, son of Mrs. Lucella Anderson of 585 Highland Ave., has completed the requirements for a master's degree in education at Illinois State University.

Scott Moves To Bar Double Taxation

Illinois Attorney General William J. Scott today fought to save property owners from the threat of having their real estate tax bills doubled for the current year.

The threat is contained in a taxpayer's suit seeking to force state tax officials to assess all property at 100 percent of value. The practice in Illinois for more than 40 years has been to value property for tax purposes at 50 percent, although this is clearly contrary to Illinois law.

The suit was filed Sept. 24, 1968 in Lake County Circuit Court by an attorney, Paul E. Hamer and June T. Hamer of Northbrook. It has twice been before the Illinois Supreme Court, which recently rewarded the case for further hearings.

Attorney General Scott asked Lake County Circuit Court Judge Harry D. Strouse to defer judgment in the suit until the Illinois General Assembly can act on proposed legislation that would legalize present assessing practices. Scott said he strongly backs passage of this legislation.

The Attorney General said that taxes based on 100 percent as-

essment in compliance with the present letter of the law would result in a catastrophic burden on many homeowners. The way to solve the problem, Scott said, is to secure corrective legislation in this session of the General Assembly.

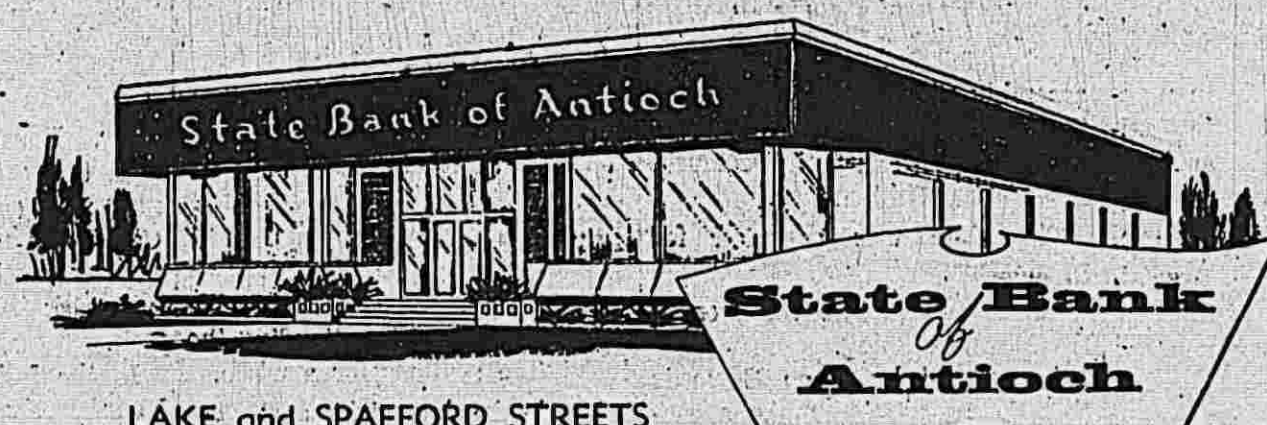

Assistant Attorney General Robert A. Maloney, acting for Scott in the case, said that Hamer's suit contends that home owners in Lake County bear a tax based on approximately 55 per cent valuation of their homes, while industrial property is taxed at about 25 percent of its value. Hamer asks that the 1970 tax bills for industrial and residential property be computed on the basis of 50 percent of value, and those for both industry and homes be computed at 100 percent of full fair cash value for 1971, Maloney explained.

Hamer also asks that industry be required to pay additional taxes for 1968 and 1969, based on the higher assessment, the Assistant Attorney General said.

Watching for birds can give sparkle to an otherwise ordinary walk through a park or woodland.

TAXPAYERS ASK IRS

Q—This was the first year I earned any money. How do I get my tax forms? Must I go to the IRS for them?

A—If you did not file a return for 1969, then you can pick up tax forms and instructions at any IRS office, bank, or post office. Tax forms are sent to every taxpayer who filed a return the previous year. To avoid sending taxpayers more forms than they may need, the IRS may send a taxpayer one of three different tax packages.

Most taxpayers will receive the basic package, which contains copies of the Form 1040 and the schedules used to itemize deductions and report income from dividends and interest.

Taxpayers who had retirement income, capital gains, or income from certain other sources the previous year will receive a tax package containing the forms for these items, in addition to those

In the basic package. Farmers and businessmen will receive a third type of package, which contains the forms in the first two packages plus those needed for their particular situation?

Q—Are the tax rates on 1970 income any lower than last year's?

A—Several changes will lower taxes for millions of people when they file their 1970 returns. First, the income tax surcharge is 2 1/2% for 1970 compared to 10% in 1969. Second, the amount that may be claimed for each exemption is \$625 on 1970 returns, up from \$600 a year ago.

These two changes will reduce taxes on millions of 1970 returns. In addition, an estimated six million taxpayers will not have to file a return, as they had been required to do in 1969. In this group are part-time workers, students, and others with low incomes.

Single persons under 65 years of age will not have to file returns until their income reaches \$1,700 (\$2,300 if 65 or older). Returns previously had to be filed when income reached \$600. Married persons from the same household entitled to file a joint return do not have to file until their income reaches \$2,300 under the new tax laws (\$2,900 if one spouse is 65 or older, \$3,500 if both are 65 or older).

But anyone who has a refund coming because taxes were withheld will have to file a return to obtain it.

Q—Is the cost of fixing up my barn deductible?

A—Repair and maintenance to buildings and equipment used in farming are deductible business expenses. However, when expenses of this nature materially add to the value of the property or appreciably extend its life, they must be capitalized.

For example, if you repair the roof of your barn, the expense is deductible. If you replace the roof, the cost must be capitalized.

Q—My daughter has taken a part-time job for the holidays. Is there a limit on how much she can make without costing me the exemption I claim for her?

A—If your daughter is under 19 at the end of the year or qualifies as a full-time student, the amount of her earnings will not affect the exemption you claim for her. The other dependency tests must continue to be met, however.

Q—My company is sending me to Europe for a few months starting in January. Does the IRS have any overseas offices where I can get tax help?

A—Yes, there are several overseas offices of the IRS to help U. S. taxpayers abroad. In addition, the IRS sends teams of taxpayer service personnel abroad each year to visit major cities to provide tax help.

Check with your U. S. Embassy or Consulate office for details. You can also obtain tax forms from these offices if you need them.

Keep in mind that taxpayers out of the country April 15 have an automatic extension until June 15 to file their returns. For additional information, send a post card to your District Director and ask for a copy of Publication 54, Tax Guide for U. S. Citizens Abroad.

Most men can master their immediate problems, if they give their full time and energy to the task.

Procedure Explained For Adult Adoption

Many people think adoption is only for children, but did you know an adult also can be adopted?

The Illinois State Bar Association says the adoption procedure is more simplified with adults, but that certain legal conditions still must be followed.

Illinois law requires an adult wishing to be adopted to meet one of two conditions:

(1) The adult must have residence continuously for more than two years in the home of the prospective parents. This period can have taken place at any time before the adoption proceedings began.

The alternative requires that the adult be related in some manner to his prospective "new parents." The adult can be related by blood or marriage in any of the following ways: Parent, grandparent, brother, sister, step-brother, step-sister, uncle, aunt,

great-uncle, great-aunt, or first cousin.

The adoption proceedings may be instituted in court in a county where the petitioner (those adopting the adult) reside, where the person to be adopted lives or was born, or where his or her parents, reside.

The Bar Association said the only real requirements for those who would like to adopt an adult are that they have resided in Illinois continuously for at least six months immediately before the adoption proceeding (this is waived in the case of relatives), are reputable people, of legal age and, if married, that both husband and wife jointly agree to the adoption.

A petition to the court for an adult adoption must contain "the name, place of birth and sex of the adult; in addition to the full names of the person or persons wishing to adopt him, their place of residence, the length of time they have lived at the address, and the name to be given to the adult."

An adult must state in writing that he consents to the adoption. Written consent of his real parents also must be given, if they can be found, and if they are not mentally retarded or in need of mental treatment, noted the bar group.

In the adoption proceedings of minor children, there is usually a prescribed amount of time which must lapse between the filing of the petition, a hearing date and the day when the court hands down the decree. This time is shortened considerably for an adult petition. The decree may be entered any time after the necessary papers have been filed and a short hearing has been held.

by the court. When the adoption decree of an adult has been entered, the clerk of the court which entered the decree prepares an adoption certificate and sends it to the department of Mental Health.

An adopted adult has the same legal status as a natural son or daughter. This means he can legally inherit from his adoptive parents' estate. In addition, he may be called upon to assume financial responsibilities for his parents' welfare, as required by law.

Tax Tables Cover Income To \$10,000

Federal income tax tables now cover incomes up to \$10,000 for taxpayers who do not itemize deductions. E. P. Trainor, district director of Internal Revenue, Chicago District, said today.

In prior years, only taxpayers who did not itemize and had incomes under \$5000 were required to use the tables. However, the Tax Reform Act of 1969 requires tax tables to cover incomes up to \$10,000 of those not itemizing.

The new tables reflect the increased exemption deduction of \$625 (up from \$600) and the low-income allowance.

Persons who itemize deductions or who have incomes of \$10,000 or more compute their own tax by using the tax rate schedules. Mr. Trainor alerted taxpayers who are filing estimated tax declarations for 1971 to use the tax tables for that year since personal and dependency exemptions are \$650 instead of \$625 and the low-income allowance is limited to \$1050.

Salem Church Council Is Seated

Members of the church council of Christ Lutheran Church, Salem, Wisconsin, were installed in their positions during the worship service on Jan. 31.

Assuming leadership are Norbert Adams, congregation president; Matt Hazlett, vice-president; Mrs. John Riesselmann, secretary; Eugene Sylvester, treasurer; Ralph Antes, Building and Grounds Committee chairman; Lawrence Mohnen, Worship Committee chairman; Dr. S. W. Waldo, Evangelism Committee chairman; Louis Kroll, Stewardship Committee chairman; and Steven Volz, Parish Education Committee chairman.

Christ Lutheran Church is an 8-year old congregation, established in 1963 under the sponsorship of The American Lutheran Church. The Sunday worship service begins at 9:30 a.m.; Sunday School, 10:30 a.m.

The Rev. Philip Borleske is pastor of the congregation.

Government To Survey Labor Force

Local representatives of the Bureau of the Census, U. S. Department of Commerce, will interview a number of households in this area the week of February 15 to obtain information on employment here.

Curtis T. Hill, Director of the Census Bureau office in Chicago, in making the announcement, said the households are among the 50,000 across the country that have been scientifically selected to represent a cross section of the American people.

The survey, which the Bureau conducts each month for the U. S. Department of Labor, provides a continuing measure of employment and unemployment for the Nation. For example, the overall unemployment rate edged up from 5.8 percent in November to 6.0 percent in December, the highest mark in 9 years.

Information supplied by individuals participating in the survey is kept confidential and the results are used only to compile statistical results.

Vose Elected Director Of Dairy Council

Avery A. Vose, Antioch dairy farmer, has been elected to the board of directors of National Dairy Council. Vose, who is treasurer of Associated Milk Producers, Inc., was elected during NDC's annual meeting in Houston, Texas.

Carol Westlund On Dean's List

Carol L. Westlund, daughter of Mr. and Mrs. Ernest Westlund of 915 David St., has been named to the Dean's List for the fall quarter at Michigan State University where she is a sophomore majoring in psychology. She is a graduate of Antioch High School.

Labor Has Impact On Our Colleges

Organized labor has not had a profound impact on the nation's colleges and universities, according to a survey of 493 campuses conducted by Dr. Marlin Tenboer of NIU.

Tenboer did the research for his doctoral dissertation at Indiana University.

He concluded that employees at colleges are now using the same yardstick to measure campuses as they would elsewhere in industry, and it is no longer considered "a privilege" just to be associated with an institution of higher learning.

Tenboer concluded that so far unionization has been favorable to campuses, because it has forced the institutions to re-define personnel policies. The only unfavorable aspect is the increased cost of university and college operations.

The wife who snatches her husband's pay-check can hardly expect the old fellow to continue to say it with flowers and candy. —N. DeVane Williams, Holmes County (Fla.) Advertiser.

Homemakers Quizzed About Water Pollution

Although most homemakers are highly concerned about water pollution, most of them don't realize that phosphate from their own laundry detergent is contributing to it.

According to consumer research findings disclosed by Sears, Roebuck and Co., only six percent of those interviewed named phosphate as a major contributor to water pollution.

When asked what specific detergent ingredient contributes to water pollution, many gave incorrect answers, and 71 percent said they simply "don't know." Federal officials and scientists have blamed phosphate in detergents for excess plant growth which depletes oxygen in lakes and rivers.

The consumer survey was conducted in connection with the company's pending market introduction of a phosphate-free laundry detergent. The detergent is expected to be available nationally in the company's retail stores and catalog facilities by late summer.

Of homemakers surveyed, 74 percent expressed serious concern about the pollution problem. And most of these women cited water pollution in particular.

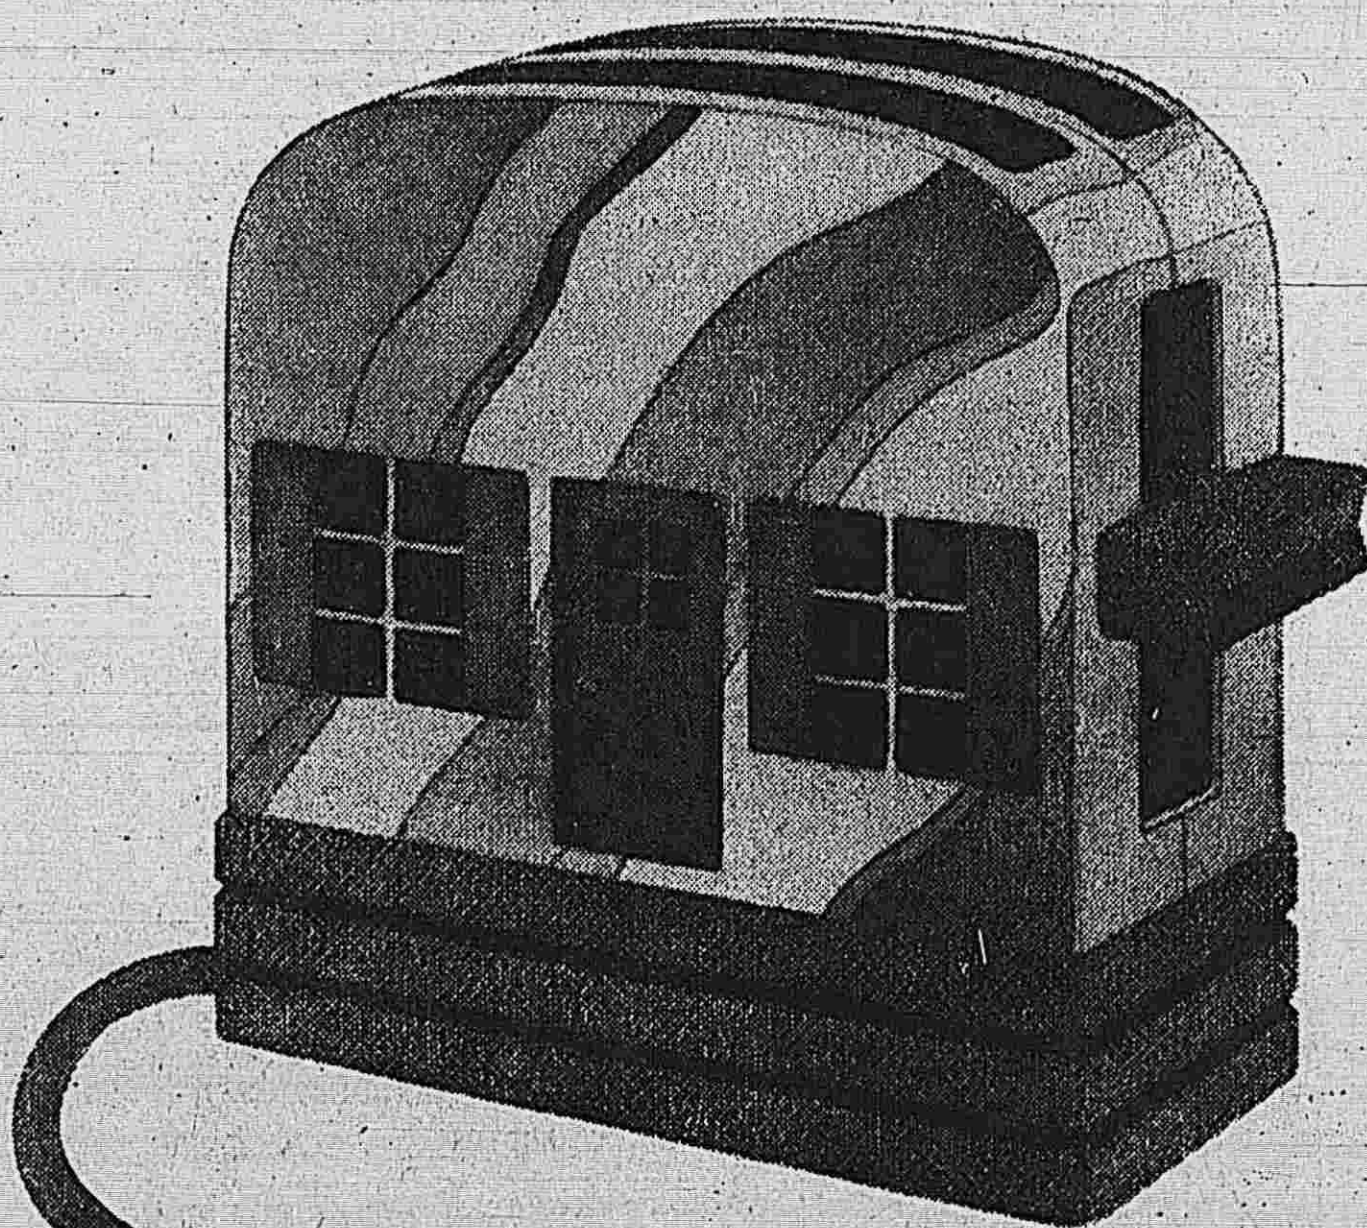

But, while the homemaker may not understand that phosphate in municipal sewage is a major contributor to water pollution, she does know that her detergent has something to do with it. The survey showed that 58 percent of those contacted shared a "serious" or "somewhat serious" concern about the effect of laundry detergent on water pollution. Survey findings also showed that:

• Homemaker concern about pollution varies geographically. In the Cleveland and Pittsburgh areas, for example, 86 percent of those interviewed said pollution is a "serious" problem, while in Miami, only 57 percent agreed.

• Young women are more concerned about pollution than older homemakers. Eighty percent of women under 30 years of age said pollution is a "serious" problem, while 71 percent of women 50 years of age or older shared this view.

• Homemakers believe that business firms are most responsible for water pollution, that the individual consumer is least responsible for the problem, and that government should bear the most responsibility for correcting it.

Electrically heated homes are popping up everywhere.

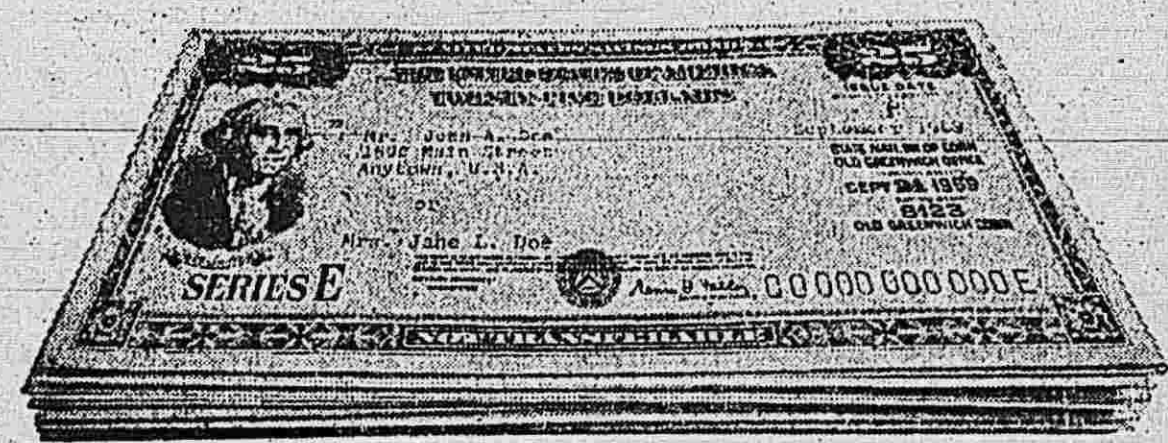

Everywhere you look these days, more people are installing electric heating systems. In Northern Illinois, a new electrically heated home or apartment is completed every 36 minutes. Why? Economy, ease of maintenance, cleanliness: these are some of the reasons. To learn the rest, call your nearest Commonwealth Edison office. Better yet: pop in.

Now all your U.S. Savings Bonds pay higher interest.

Now it's official. Now one of the safest investments in the world brings you new and higher returns.

Now your U.S. Savings Bonds pay the highest interest in history: a full 5 per cent when held to maturity of 5 years and 10 months. (4% the first year; 5.20% thereafter to maturity.) Previously, these Bonds earned you only 4 1/4% if you held them for seven years.

The new interest began June 1, 1969. So all of the Bonds you own, no matter when you bought them, have been collecting higher interest since that time.

Those Bonds are still replaced if lost, stolen or burned. You can still buy them through Payroll Savings or the Bond-a-Month plan.

Regardless of your other investments, can you think of any easier, better, or safer way to build a nest egg for yourself?

It's nice to know that you are doing a little something for Uncle Sam, too. The \$52 billion in U.S. Savings Bonds now outstanding in the hands of millions of Americans go a long way toward keeping your country financially strong.

There never was a better time to take stock in America.

There's a man at the place where you work who can start you on the Payroll Savings Plan right now.

Bonds are safe. If lost, stolen, or destroyed, we replace them. When needed, they can be cashed at your bank. Tax may be deferred until redemption. And always remember, Bonds are a proud way to save.

Take stock in America.
With higher paying U.S. Savings Bonds.

The U.S. Government does not pay for this advertisement.

Former Antioch Resident To Wed In Rock Island Feb. 27

A former Antioch resident, Russell Swim, whose parents, Mr. and Mrs. Kenneth Swim, live on Drexel Boulevard, will be married Feb. 27 in St. Pious Church, Rock Island.

His bride will be Miss Pamela Schneider of Rock Island.

Swim, a specialist fourth class in the United States Army, is a 1968 graduate of Antioch High

School, and was an assistant manager of the Ben Franklin Store before moving south with a drug store chain.

The bride to be is a graduate of Alleman High School, Rock Island.

After their marriage, the couple will live at Ft. Lee, Va., where Swim is based with the Quartermaster Corps.

Antioch Coin Club Will Hear The Story Of Money

On Feb. 15th the Antioch Coin Club will hold its meeting at 7:30 p.m. at the Antioch Savings and Loan Bank community room.

The club will feature a talk "The Story of Money" narrated by Delores Stratton, former secretary to the book numismatist of Wisconsin. An added feature will be a question and answer period. The club emphasizes the re-

vival of numismatics and the need for new members, along with the return of old members who have dropped out.

Anyone young and old, desiring to do so may join the club. Dues are nominal.

At the January meeting 40 members and guests attended. Six new members were added to the roster. Refreshments are served at each meeting.

Antioch PTA Plans Fence Installation

The Antioch Grade School P.T.A. plans to install a fence along the south side of the playground abutting Depot Street, as a safety feature for children attending the school.

To raise money for this project a spaghetti dinner is being held at the school Saturday, Feb. 13, from 5 until 7:30 p.m.

Grade School students will be selling tickets, \$1.50 for adults and high school students and 75 cents for kindergarten and grade school students.

Pre-school children are free. Tickets will be sold by students and will also be sold at the door. An added attraction will be a bake sale.

Cindy Gleich Named Co-Ed Correspondent

Miss Cindy Gleich of Lake Villa, has been named co-ed correspondent for the 1970-71 school year, according to an announcement by Miss Margaret Hausner, editor of CO-ED magazine.

Co-ed, published nationally by Scholastic Magazines, Inc., for home economics students, contains articles on fashion, food, beauty, and home furnishings, and fiction.

Miss Gleich, daughter of Mr. and Mrs. Frank Gleich, is a junior at Antioch High School.

She was appointed Correspondent by Miss Lucille Hacht, her home economics teacher.

Selected for qualities of leadership and enthusiasm for home economics, Miss Gleich will serve as junior adviser to CO-ED editors. Like the other Co-ed Correspondents throughout the United States and Canada, she will keep the editors informed of activities at her school.

Beatties Are Parents Of Daughter

Mr. and Mrs. Dennis Beattie of Waukegan are the parents of a daughter, Kirstin Denise, born February 5 at Saint Theresa Hospital. Kirstin weighed 5 lbs. 14 oz. at birth. The Beatties have a four year old son, Danny.

Mr. and Mrs. Donald Gaston of Antioch are the maternal grandparents.

Heather Hunley Pledges Sorority

Heather Hunley, a sophomore at the University of Illinois in Urbana, has pledged Alpha Xi Delta sorority. Heather is a Delta Scholar and is in pre-veterinary medicine in the College of Agriculture. She is the daughter of Mr. and Mrs. Josef V. Hunley, Rio-Val Pony Farm, Antioch.

The nine banded armadillo is the only species that has made its home in the United States.

THE CHURCH ON THE HILL INVITES YOU TO WORSHIP ON SUNDAYS AT 9:30 A.M.

Pastor Philip O. Laurin

Social Notes

By Del Jahneke

Some thirty members of the "Under Forty Couples Club" of the Antioch Evangelical Free Church, braved the wintry elements and thoroughly enjoyed their annual "Snow Party," held at the Antioch Lake vicinity recently.

Snowmobiling, tobogganing, and ice skating kept everyone too occupied to mind the bracing cold, and afterward there were hot drinks and hearty fare at the Alan Knuteson home.

A bridal shower, with a lovely yellow and white floral color theme was the setting for a party hosted by Mrs. Edward Jahneke, Jr., of Antioch and Mrs. Ronald Welch of Grayslake for their sister-in-law-to-be, Miss Ann Beemsterboer of Grayslake. The party was held on Sunday, Feb. 7, at Mrs. Welch's home, and the guest of honor received many nice gifts. Miss Beemsterboer and Mr. Richard Welch of Round Lake will be united in marriage on Feb. 20, at St. Gilbert's Catholic Church in Grayslake.

Valentine's Day will be celebrated on February 12th at the Antioch Evangelical Free Church with a catered dinner party, at 7 p.m., for both members and friends. There will be several choices of entrees, and entertainment afterwards.

A swift recovery is wished Ralph Horan, son of the John W. Horans, on Orchard Street, who broke his foot in two places while skiing last weekend. He is now convalescing at home and maneuvering very well with his cast.

Sincere sympathy is extended to the Ray Rathmann family, Oakwood Knolls, Antioch, in the sudden loss of Mrs. Edna Rathmann's grandson and Ray Rathmann's nephew, Ronald Jasinski. Ronald was killed in a helicopter crash in Vietnam. He is the son of the Norman Jasinskis of Roselle, Illinois.

Luther League Now In Fund Drive Projects

The Luther League at Christ Lutheran Church is now selling personalized note paper as one of its many fund-raising projects for 1971.

Also planned are a candy-selling drive and the Easter breakfast.

New League officers for 1971 are: Shelly Schaeften, president; Laurie Adams, vice president; Bruce Merrill, treasurer; Jean Wolfarth, secretary and Tom Koenecke, activity chairman.

Mike Adams, past president is now a sponsor for the young people's group. Miss April Bennett is in charge of all publicity to newspapers and other outlets.

Main objectives for the year include painting of the restrooms, improvements in office equipment, and the possible subsidizing of costs to members wishing to attend the Wilderness Canoe Trip.

No other warm blooded creature shows such a disinclination to action as the sloth. It is so lethargic and languid that a green alga which looks like moss, actually grows in its coarse hair.

Call 395-4111 to place a Society or News Item.

MOOSE
TOPICS

Saturday night, the 13th, is Sweetheart time at the Moose Lodge. Lee McKinney, entertainment chairman says there will be live music for your dancing pleasure, also food will be available.

There will be an enrollment of new members on Sunday, the 14th, starting at 2 p.m. at the Moose Home. The Antioch ritual team will perform the ceremony. Mooseheart Student Bank Remodeled

The Mooseheart Student Bank has been completely remodeled and a bronze and gold plaque has been placed honoring the memory of the two men most responsible for the banking facilities, John C. Meikle and Henry Andreasen.

It was through their efforts, to make possible the founding of a bank for the children at Mooseheart, undoubtedly the worlds only children's bank.

The Student Bank will be dedicated during graduation day festivities on June 12.

Sequoia VFW Auxiliary Holds Meeting

Sequoia Auxiliary Veterans of Foreign Wars held their regular meeting on Monday.

Ellen Flint, president, appointed Lillian Burnette to represent the auxiliary at the Countryside Hospital meeting.

Donations were given to Downey Hospital and the Department of Illinois Health and Happiness fund. An invitation was extended to the president and her membership chairman to attend the 100 per cent membership dinner at Elmhurst.

Olive Hallwas served refreshments and had a valentine party planned which was enjoyed by all.

TIPS & TRICKS for TEENS

Make this a creative Christmas! What fun to put a little of you into gifts for special people. You don't need a lot of talent—just a little imagination—to see how extra-pleased friends and family will be with made-by-you presents. Here are a few ideas to get you started.

A Perfect Jewel for best friend or big brother is one made by you. For the girls, an armful of Indian-bead bracelets are very in right now. Or, make a dress-up choker of velvet ribbon trimmed with a bit of sew-on sparkle. For the boys, create one-of-a-kind cufflinks with smashing buttons joined in pairs with heavy braid or elastic.

A Knowing Needle, if creative stitchery is your thing, can guide you in the choice of kits for needlepoint or crewel designs that do more than just sit there! Tennis racket covers, desk sets, belts, pin cushions, tote bags will be used as well as admired!

A Port Shirt—or even a pair if you're half of a his-and-her's team, can be whipped up in a flash. Those super sweat-shirt of Creslan acrylic fiber take to your own designs in iron-on tape or applique; stitched-on braid, lace, or rickrack; or what have you. Personalize with name or initials; do a school symbol; a bouquet of iron-on flowers; a nifty graphic—whatever turns you on.

Send Her Packing, if she's a travelling aunt or teacher, with a foldover envelope bright fabric, with rows of pockets created with stitching. Then, fill those pockets with take-along sizes of her favorite beauty or grooming products; a tiny sewing kit; tissues; or other travel aids. Bet Mom would love one of these!

A Taste of Christmas is always welcome. If you know your way around in the kitchen, cook up an assortment of those sauces that won't rave at your fondue party; put them in pretty containers, and label each. Or, a big batch of those cookies your little brother loves, or your own special sandwich spread. Teachers, friends, relatives love to be impressed by your prowess with pots and pans.

These huge blooms appear in white, pink, rose, carmine, crimson and deep red, many with a contrasting red eye, on 4 to 5 foot tall plants that you can grow from seeds.

If you start these indoors in January or February and tend them for a month until seeds sprout, then move the plants outdoors in May, plants will surely flower this year.

Sown outdoors, as soon as soil can be worked, they'll probably do the same but, since plants are perennials, if a plant or 2 fails to flower, you know they'll perform next year.

To shorten the time from planting to sprouting of seeds to a week or 10 days, soak seeds for 15 minutes in a concentrated solution of sulphuric acid, thoroughly wash with

water and then plant them. This treatment breaks the natural dormant or resting period of the seed, so it sprouts faster.

Because hibiscus plants have long tap roots, move seedlings while young to wherever they are to remain. Flowering in late summer, they can be used to give late season color among evergreens or spring-blooming shrubs. They also are suitable for use in the back of a border with lower annuals or perennials in front.

When you see these massive flowers in your garden you will agree with the judges of the All-America Selections trials who have awarded this variety, named Southern Belle, a silver medal.

Thurs., February 11, 1971 THE ANTIOCH NEWS—4

America's Forgotten Prisoner Is Topic Of Grayslake Meet

America's forgotten prisoners of two wars will be the subject of an address by the Rev. Paul Lindstrom of Mt. Prospect before the American Independent Club of Lake County, Saturday, Feb. 13, at 8 p.m.

The meeting will be held in the meeting room of the Lake County

Savings and Loan Association, 202 Center St., Grayslake.

The Rev. Mr. Lindstrom of the Church of Christian Liberty and Academy is the world-traveling director of the Remember the Pueblo Committee, which continues in the liberation of other Americans held prisoner in foreign lands.

RIDE NEEDED

Sister Clare Devota would like very much to take a course at Wheaton College this semester. She needs a ride once a week to and from the college. If any person or persons feel they could give of themselves to drive Sister any or all of the ten weeks please call her at 356-7111.

WOMAN'S CLUB

Members of the Lindenhurst Women's Club will be visiting the patients at Great Lakes Naval Hospital on Monday, Feb. 15. Teenage girls are invited to go along. Anyone interested may call Mrs. Milton (Evelyn) Lazarsky at 356-7301, for more information.

BIRTHDAYS

A happy birthday is wished to Donna Dammann, Roy Charles Taylor, Kathleen Neubauer, Ray Tiedman, Edward Charles Fuerst, Kathy Garcia, Bob Grant, Mary Wleczorek, Barbara Hendrickson, Mike Pearce, Eric Ott, Anthony Schottenbauer, Kristine Aileen Brendel, Maxine Forester, Tracy Arthur Landi, Linda Spiegl and Jane Lindberg.

SERVICEMAN

Airman Robert E. Vaughn, son of Mr. and Mrs. Robert G. Vaughn of 711 Cremona Ave., Lake Villa, has graduated from the U.S. Air Force aircraft equipment repairman course at Chanute AFB, Ill. A 1967 graduate of Carmel High School, Mundelein, he also attended Western Illinois University at Macomb.

BASEBALL MEETING

The Lake Villa Township Jun-

ior Baseball League is having a meeting on Tuesday, Feb. 16 at 7:30 p.m. at the Lindenhurst Civic Center, 1949 E. Old Elm Road. This meeting is open to all persons interested in helping to form a baseball program.

Last year, 238 boys, the largest registration to date, participated in this program. "With more anticipated this year, we are going to need more help than ever before," says Joe Ziaja, president. "Fathers, bachelors and boys in college who want to get directly involved in managing, coaching or umpiring, will be more than welcome."

"The area where help is greatly needed is in the T League—7½ and 8 year olds and a few 9 year olds who never played, and the minor league—9 and 10 year olds. These boys need to learn some basic baseball knowledge and consequently we are looking for someone willing to teach them."

"We need to have managers and coaches before the boys register and the rosters are filled. If we have to wait till the last minute, it only creates problems with any plans we have made beforehand. Those of you who want to help, are urged to attend this meeting so we can get this program started," Ziaja said.

For those unable to attend, but who wish to assist, they may call him at 356-2604.

Many hawks perform a valuable service in farm areas by eating great numbers of mice and other small, destructive mammals.

HARDY HIBISCUS

Enormous blooms of white, shades of pink, rose and red are produced freely on tall plants of Southern Belle, this new, hardy hibiscus.

You know the picture in the travel advertisements of the girl on an island in the South Seas—the one in which she wears a hibiscus bloom behind her ear? Well, you can grow a hibiscus too, a hardy hybrid that will withstand Northern winters, but you won't be able to wear a blossom behind your ear—they're all too, too big. Eight inches or more!

These huge blooms appear in white, pink, rose, carmine, crimson and deep red, many with a contrasting red eye, on 4 to 5 foot tall plants that you can grow from seeds.

If you start these indoors in January or February and tend them for a month until seeds sprout, then move the plants outdoors in May, plants will surely flower this year.

Sown outdoors, as soon as soil can be worked, they'll probably do the same but, since plants are perennials, if a plant or 2 fails to flower, you know they'll perform next year.

To shorten the time from planting to sprouting of seeds to a week or 10 days, soak seeds for 15 minutes in a concentrated solution of sulphuric acid, thoroughly wash with

American Legion Auxiliary News

By DEL JAHNEKE

"Clipping and Snipping Isn't the Auxiliary 'Quipping'" emphatically states Mrs. Richard Stastny, Mundelein, District Communications Chairman of the 10th District American Legion Auxiliary. "We are very serious about our members clipping and saving coupons, stamps, box tops, labels, bottle caps, etc. Funds derived from this project will further the department (state) community service programs."

Formally, the coupon program provided aid to retarded and handicapped children in state hospitals, and the purchase of medical equipment for the burn center of Cook County Hospital in Chicago. However, this year, the coupon program's objective is also the special project of the State President—that of buying an ambulance to transport senior veteran patients at the Illinois Sailor and Soldier's Home in Quincy, for treatment at a nearby VA Hospital in Iowa City, Iowa.

Another goal of the coupon program is to obtain enough dog food labels (Vet, Perk and Peak) to purchase two Seeing-Eye Dogs for blind veterans. To accomplish this, many hundreds of thousands of labels are needed. Cash value of these labels is about \$1,500.00. This sum includes three months training of the dog; four weeks training of the dog and master team; round trip transportation to and from the student's home; and board and room during the training period. The Pilot Dog Foundation's slogan is: "You Can Help Light the Way for Those Who Walk in Darkness". The American Legion Auxiliary in - tends "to help light the way" for blind veterans.

Friends of the Auxiliary can assist in these worthwhile programs, by saving coupons and labels and contacting Mrs. Ralph Fields, Antioch Unit coupon chair-

man, for any further information.

"It's Time to Think of the 1971 'Golden Mike' and 'Golden Press Awards'" reminds Mrs. Edward Jahneke, Antioch, District Communications Chairman. The categories of the Golden Mike awards are given for the best local radio and television programs given in the interest of youth. To be eligible, stations must comply with the following requirements: entries must be the production of a local radio or TV station; a series must consist of four or more programs; production must be in The Interest of Youth; and broadcasts must be aired on radio or television at sometime during the period of May 1, 1970 to May 1, 1971.

"Golden Press Awards" will be presented for the best local newspaper program in the interest of youth in the categories of best editorial; and best feature articles (not to exceed a series of three articles), during the time of May 1, 1970 to May 1, 1971.

According to Mrs. Rathmann, Antioch, District Junior Activities Chairman, there will be a roller skating party at the Roller Rink, Sheridan Road, Zion, on Sunday, February 28th, from 4:00 to 6:30 p.m., for all junior members of the 10th District American Legion Auxiliary.

Decision On Closing Ft. Sheridan Delayed

Cong. Robert McClory was assured by Secretary of the Army Stanley Resor at a meeting Wednesday that any decision to close down Fort Sheridan as a military base will be delayed for further study.

The Secretary stated that the transfer of headquarters activities of the Fifth Army to Fort Sam Houston would not be delayed. However, other actions aimed at closing down Fort Sheridan as a military post are to be postponed pending further study and review of objections posed by Congressman McClory and others. There was no indication of the length of the proposed reprieve. However, the Army's claims of savings have been questioned. Also, a study will be made of the possible transfer of other military activities in the area to Fort Sheridan.

Cong. McClory declared: "It begins to look as if the Army is coming to appreciate some of the things which other Members of Congress and I have been saying."

The employee representatives and some community leaders have given convincing proof that both the national security and the efficient and economical operations of the Army indicate that Fort Sheridan should remain as a military base.

Cong. McClory has been joined by Cong. Melvin Price, Democrat of East St. Louis, Cong. Leslie Arends, Republican Whip of the House, and other midwestern House Members in urging a legislative review of the various Army

Grade School Offices Moved

The Board of Education Offices of Elementary School District 234, Antioch, Illinois have been moved from 817 North Main St. to the Upper Grade School at 800 Highway Drive. Regular School Board Meetings will continue to be held on the third Tuesday of each month, 7:30 p.m., at the new location.

Public Aid Rolls Increase Seen

Preliminary data for December indicate another rise in public aid rolls, according to Harold O. Swank, director of the Illinois Department of Public Aid. "The actual rise is not yet known because complete data are not yet available on some programs. However, it is known that there was an increase of 24,998 in the number of persons receiving money payments from either aid to dependent children or assistance to the aged, blind or disabled. Cook County accounted for 11,065 of the increase and downstate counties, 13,933, Swank said.

He added, "Information is not yet available on total expenditures and on the number of persons who received local general assistance or medical assistance only."

During November, the latest month of complete record for all programs, the state's public aid rolls reached 707,941 persons, an increase of 11,299 over October and 145,606 higher than a year ago.

All programs increased, Swank said. The net gain of 11,299 reflects a decrease of 601 persons in 32 counties, an increase of 11,900 in 69 counties and no change in one. Cook County's increase was 5,840.

November expenditures totaled \$62,067,128, a decrease of \$2,147,973 from October and an increase of \$18,053,686 over November 1969. Current expenditures includes \$390,420 in payments for foster care, aid to the medically indigent in Chicago and Cicero, and burials.

The November caseload included 539,979 persons on assistance to the aged, blind or disabled and aid to dependent children receiving money grants and eligible for medical care; 73,418 eligible for medical assistance only; and 94,544 on general assistance. Re-

spective figures for October were 530,045, 72,886, and 93,711; for November 1969, 430,008, 61,895, and 70,432.

The 73,418 persons eligible for medical assistance only, up 532 over October, are included in the trends of the individual programs which follow. The November cost was \$8,762,099.

The aid to dependent children program served 486,975 persons in November, an increase of 9,467 over October and 110,120 higher than in November 1969. Cook County accounted for 53.4 per cent of the ADC increase (or 5,059 persons). Expenditures were \$34,504,199 in November, an average of \$70.85 per person; \$35,016,285 in October; and \$23,630,607 in November 1969.

Old age assistance helped 67,425 persons, 158 more than in October and 2,297 more than a year ago. Expenditures in November were \$9,081,609, an average of \$134.69; \$9,840,254 in October; and \$7,610,185 in November 1969.

Blind assistance numbered 1,967 persons in November, up 11 from the previous month but nine less than a year ago. Expenditures were \$277,714 in November, an average of \$141.19 per person; \$305,580 in October; and \$272,070 a year ago.

The disability assistance program in November rose by 330 persons to 57,030. The November 1969 total was 47,944. Expenditures in November were \$9,429,791, an average of \$165.35 per person; \$10,778,520 in October; and \$8,064,589 in November 1969.

General assistance—all units—was received by 94,544 persons, up 833 over October and 24,112 more than November 1969. November expenditures were \$8,983,395, an average of \$95.02 per person; \$9,154,000 the previous month; and \$4,819,566 a year ago.

VA Doctor Says Overeating Is Problem Of Aging

Overeating is one of the serious problems of aging, according to Dr. Lee H. Schlesinger, Director of the Hines Veterans Administration Hospital.

A research report recently received by Dr. Schlesinger indicates that 50 per cent of the men over 65, and 47 per cent of the women, are more than 10 per cent over their optimal weight.

The report is based on nationwide VA research on aging and care of geriatric patients. Almost 16 per cent of the patient population in VA's 166 hospitals are over 65.

To help avoid or postpone many of the physical illnesses associated with old age, Dr. Schlesinger said the report recommended that elderly people reduce their caloric intake, especially with regard to fat, and eat more proteins.

Dr. Schlesinger said Dr. Kurt Wolff, director of professional education and research at the Coatesville, Pa., VA Hospital, has been in the forefront in aging research.

In his recent book, "The Emotional Rehabilitation of the Geriatric Patient," Dr. Wolff reviews concepts and treatment methods for the elderly, both inside and outside hospitals, and

describes productive ways of prevention, treatment and rehabilitation of the aged.

Among his diet recommendations are these: "The older person can help his own diet by mixing dry skim milk or dry yeast into his foods. . . . Milk is probably the best food for later life. . . . Among the plant proteins, the best is from soy beans."

"Brewer's yeast is one of the richest natural sources of both protein and water-soluble vitamins. . . . (It) should be taken before meals by those who tend to become overweight. . . . can be used to lessen the need for insulin by diabetics. . . . help prevent constipation; but it may cause trouble for those afflicted with gout. . . ."

Dr. Schlesinger said the report shows the percentage of the United States population over age 65 has doubled in this century, from 4.1 per cent in 1900 to 9.5 per cent in 1968 (from 3 million to 19 million).

Women now outlive men with a life expectancy at birth of 73.8 years against 68.7 years for males. "The life expectancy for women is still increasing faster than for men, Dr. Schlesinger points out,

headquarters. Despite the proposed Fifth Army transfer, the Army plans to retain a Deputy Command in the Chicago area to direct activities of the National Guard, Army Reserves and ROTC. Retaining this Deputy Command at Ft. Sheridan would give assurance that the base might remain open.

Attending the Washington meeting were: Allen H. Kaplan of Deerfield, Regional Vice President of the American Federation of Government Employees; Julio Espinoza, President, Ft. Sheridan Local AFGE; Robert Porter, President of the Great Lakes AFGE Local; Robert Hoard, AFGE officer of Zion; Donald Cudahy, AFGE leader in Waukegan; and Mr. Dante Greco, President of the Bank of Highwood.

Minor Traffic Infraction To Draw Warning Citation

Sheriff Orville Clavey has announced that the Lake County Sheriff's Department has instituted a revised form of written warning notices for minor traffic infractions.

The Warning Notice will be issued by the Lake County Sheriff's Police to a motor vehicle driver whenever the circumstances surrounding the violation would dictate that the issuance of a warning notice would be better than the regular traffic citation.

It was determined that a written warning would be more effective than a verbal warning since a verbal one has no psychological effect upon the driver.

The warning notice is not an arrest citation, even though the Deputy will be required to have similar information to complete it.

The notice consists of an original with two copies: the original white copy will be filed and indexed in the Department, the second pink copy will be retained by the issuing Deputy, and the third yellow copy will be handed to the driver after he has signed the entire warning notice.

The written warning citation will be indexed by the Uniformed Division and will be used for future reference.

The Department will have a complete history of drivers who have been issued written warnings.

The cumulative data of warnings together with specific infractions will be used for information by police and the court whenever necessary if the driver should come for criminal review before the court.

A copy of each written notice of violation issued to drivers who are not residents of this County will be mailed to police departments or the County Sheriff where the motorist legally resides.

Many extraneous factors may be involved in traffic violation of a single driver. The written

warning citation can be a comfort to the Deputy, since he does not have to make a definite decision as to the course of action that should be taken against the offender.

On the warning notice, the Deputy merely identifies the facts of the violation and circumstances surrounding it. To cite or to warn has many advantages to the giver and the receiver, especially in times when the driver and perhaps the Deputy might be influenced by emotions rather than by the facts which led to the stopping of the driver.

It is further believed that these written warnings may relieve the Deputy of the necessity of making a decision to justify the issuance of a summons and would thereby eliminate emotional strain on him, Chief Deputy Jerome Schuetz said.

Applications For Kids Diabetes Summer Camp Due

All parents of children with diabetes, ages 8 through 13 who would like their child to attend the 23rd annual Summer Camp for Diabetic Children sponsored by the Diabetes Association of Greater Chicago are asked to call the Association offices for a camp application (943-8668).

Applications will be sent out the first week in March and completed forms are due by April 7th. Completed applications for admission to camp are reviewed impartially by the Camp Committee in the order of their receipt. The diabetic child's need for camp is the first consideration and the family's ability to pay is secondary. No boy or girl is ever turned away for lack of funds.

At present, 50 boys and 50 girls are selected to attend the three week camping period from July 18 - August 8, sponsored by the Diabetes Association at Holiday Home, Williams Bay, Wisconsin. For a diabetic child, camp affords a time of growing up away from parental pressures. It holds the promise of outdoor living, games, participation in sports under the supervision of a well trained camp staff and a chance to learn about his own diabetes.

Parents are urged to act promptly if they are interested in a camping experience for their diabetic child.

Course In Landscaping Planned For Homeowners

"Next to the house itself, the lawn and tree and shrub planting are most important," states Extension Adviser, Ray T. Nicholas. Home owners who are interested in learning how to give their house the setting it deserves can do so by attending a series of five sessions on "Landscaping the Home Grounds" to be given by Lake County Extension Adviser.

The 1971 series will start Thursday, March 4, and will continue through Thursday, April 2. The sessions will be from 1 to 3 p.m. in the new Cooperative Extension Service Building on the Lake County Fair Grounds.

Peggy Svendsen In Practice Teaching

Peggy Svendsen of rural Antioch has begun her practice teaching as a first grade teacher at Salk Elementary School, Rolling Meadows. Miss Svendsen is an education major at Western Illinois University.

Parents Of Boy

A boy has been born to Mr. and Mrs. Leslie C. Miller of 701 Lake St. The child, born Jan. 29, in Lake Forest Hospital, has been named Scott Andrew. Maternal grandparents are Mr. and Mrs. George Ptack and paternal grandparents, Mr. and Mrs. Charles Miller of Antioch.

about 15 million Illinois motorists have yet to buy their 1971 license plates with the deadline for having them mounted on the vehicles now less than a week away, Secretary of State John W. Lewis said.

The deadline for having the plates on the vehicles, not merely applied for, is midnight Monday, Feb. 15. Registration for 1971 now totals approximately 2.8 million, and it is estimated that it should be 4.3 million by the deadline. The present total is about 90,000 below last year's figure at the same time.

Additional working hours are scheduled at Secretary of State's office over-the-counter outlets for sale of plates in Springfield and Chicago, Lewis pointed out. These outlets will be open all day on three days when they would normally be closed: Saturday Feb. 6, Saturday, Feb. 13, and Monday, Feb. 15.

Donations To Rescue Squad

Recent donors to the Antioch Lions Club Rescue Squad Fund include:

Frank M. Sunich Family in memory of Ella Nieman. Mr. and Mrs. Bob Webb, Mr. and Mrs. Carl Reisser, in memory of Clara Westlake.

Mark Hook, Mr. and Mrs. Howard Sherwood, in memory of Robert Strang. Mr. and Mrs. George Jaros, in memory of Loren Sexauer. Walter Piskorz, Arlo Brett, North West Suburban Bowling Proprietors Assn., Mrs. Elfrida Mau, Leif Larson, Jr.

FUNERAL NOTICES

ALUN JONES
Mr. Alun Jones — 76 years old of 2787 S. Military Trail — Lake Worth, Florida, passed away Thursday Feb. 4th, at 7:00 a.m. in John E. Kennedy Hospital in Lake Worth, Florida. He was born August 8, 1894 in Chicago, and moved to Long Lake in 1959, then to Lake Worth, Fla. 3 years ago. He is a 50 years member of Sequoia Masonic Lodge No. 827 A.F.&A.M. at Antioch. He had retired from the maintenance department as a brick layer for the Commonwealth Edison Co. in Chicago. He married Sadie Hansen on Dec. 31, 1914 in Chicago. He is survived by his wife Sadie — 2 daughters — Mrs. LaVerne (Warren) Bushnell, Lake Villa, Ill. — Mrs. Lois (Al.) Simmons (San Juan, Porto Rico) — 1 brother Harry Jones and sister Gladys Jones both in California — 6 grandchildren & 1 great grandchild.

Funeral services were held from the Strang Funeral Home

4,744 Accepted For NIU Fall Semester

Applications, which have been accepted for fall admission to Northern Illinois University this fall total 4,744. The total includes both transfer students wishing to come to Northern and prospective new freshmen from high schools.

Last year at this time NIU had accepted 5,960 applications. An exact deadline for closing of acceptance of applications is expected to be announced later this month.

Northern officials are aiming for a maximum head count enrollment of 9,600 for freshmen and sophomore classes this fall.

In Antioch Monday, Rev. Harold I. Nelson of St. Mark Lutheran church officiating. Interment was in Acacia Park Cemetery in Chicago. Sequoia Masonic Lodge held a service at 8 p.m. Saturday.

ROBERT E. MURRIE

Mr. Robert E. Murrie — 74 years old of Zion, Ill. and Clearwater, Florida passed away Wed. Feb. 3rd, at 11:48 a.m. in Clearwater Hospital. He was born August 5, 1896 in Russell, Ill. where he operated a farm until his retirement in 1955. He had resided in Beach Mobile Home Trailer Park at Zion in the summer time, and spent his winters in Clearwater, Florida. He had been a member of the Lake County Farm Bureau. He married Evaughn Nail on Sept. 14, 1931.

Survivors are his wife Evaughn — 2 sons Jack Murrie (Waukegan) — Robert W. Murrie (Winthrop Harbor, Ill.) — 3 daughters Mrs. Donna Selzer (Largo, Florida) — Mrs. Madeline Farmer (Hammond, Indiana) — Mrs. Doris Dobbins (Opaloka, Florida) 1 sister Miss Doris Murrie (Tucson, Arizona) — and 16 grandchildren.

Funeral services were held Monday at the Strang Funeral Home in Antioch. Rev. L. H. Messersmith of the Millburn Congregational Church officiated. Interment was in Mount Rest Cemetery near Russell.

WILLIAM L. STROHSCHNEIN

William L. Strohschein, 38 years old of 113 Bridgewood, Antioch passed away suddenly

Thursday, Feb. 4. He was born Oct. 6, 1932 in Chicago, and has lived in Antioch since 1965.

Mr. Strohschein worked at the Menu Craft Co. in Waukegan. He is survived by several brothers and sisters in Chicago.

Funeral services were in charge of the Wieling Funeral Home, Chicago, with burial in Archer Woods Memorial Park. Local arrangements were handled by the Strang Funeral Home, Antioch.

ROBERT P. COLLEN

Robert P. Collen, 59 years old of Rt. 2, Bristol, Wis., passed away suddenly from injuries received in an automobile accident at Routes 173 and 45 Monday, Feb. 8.

He was born May 24, 1911 at Woodstock, Ill., and has lived at Bristol for the past 3 years. Mr. Collen was a truck driver for George Turner Trucking Co. of Libertyville, Ill.

He is survived by his wife Genevieve, one son, John P. Collen at home; two daughters, Mrs. Dwayne (Linda) Lang, Hereford, Ore., Mary Collen at home; three brothers, Burton Collen, Woodstock, Ill., George E. Collen, Richfield, Ill., Vernon Collen, Woodstock; two sisters, Mrs. Marion Brown, Woodstock, Mrs. Anna Baker, Genoa City, Wis.; two grandchildren also survive.

Funeral services will be held Friday, Feb. 12, from the Pierce-Bier Funeral Home, Woodstock. Burial will be in Union Cemetery, Crystal Lake. Local arrangements were handled by the Strang Funeral Home, Antioch.

Sequoits Rated 14th In State

By the Sixth Man

Antioch continued its winning streak to 8 by defeating Lake Zurich 79 to 62.

Although we beat Lake Zurich by 17 points our defense lacked the hustle that we had earlier in the year. It seems that we are doing too much reaching and not enough moving with the ball.

Two of our starters, Keith Bolton and Steve Bentel, fouled out in the late stages of the game to further complicate the defensive situation.

Steve Bentel has really done a great job on defense this year. The Lake Zurich game has been one of the few times that Steve has fouled out this year.

Keith Bolton again proved his importance to the team as he netted 26 points for the Friday outing. I think Keith was the key to the Sequoits' ability to crack the zone defense.

Lake Zurich defensively double covered Keith underneath. This opened up the outside shot for Steve Bentel and the driving lay-up for Tom Martin.

The Sequoits in the ball handling department didn't perform quite up to par, losing the ball 19 times without shooting. This is the most violations we have had since the Boylan game two months earlier.

Jeff Williams and Ken Tell both came off the bench to play aggressive ball and to dominate

the boards along with Keith. Ken Tell provided his first two varsity points in the Lake Zurich game.

It's been a long, hard drag for the Sequoits but we've made the ratings in the Illinois Prep spot special. We are now 14th in the middle sized schools. I think a large amount of the credit for this achievement should go to Mr. Andrews. In my estimation Mr. Andrews has done an excellent job for the Sequoits on and off the court.

Waukegan, North Chicago Cited For Fishing, Boating

The Waukegan-North Chicago area is highly industrialized, yet is one of the best areas in the nation for fishing and boating, the Illinois Business Review said today.

The Waukegan-North Chicago area is featured in the "Know Your State" section of the Review, published monthly by the Bureau of Economic and Business Research in the University of Illinois at Urbana-Champaign.

The area has more than 100 manufacturing firms. Those at Waukegan include the Johnson-Manville Corp., Johnson Motors,

United States Steel Corp., VR/Wesson Co. and, United States Envelope Co., while North Chicago's industrial concerns include Abbott Laboratories, Fansteel Inc., and Goodyear Tire and Rubber Co.

Waukegan was called "Petite Fort" or "Little Fort" by the French traders who first settled there at the end of the 17th century. When the community was incorporated as a city in 1859, it was named "Waukegan," which means "Fort" in Algonquin.

North Chicago, first settled in 1891, was known as South Waukegan until its incorporation as a city in 1909.

Waukegan Harbor is one of only two Illinois ports on Lake Michigan, and has mooring facilities for two large lake or ocean-going ships which can be docked without the aid of tugboats.

"Many improvements—including a new Waukegan public library, a new county courthouse and better street lighting—were made in the Waukegan-North Chicago area, and others are anticipated for the coming decade," the Review said.

Program Is Outlined Auto Safety

Gov. Richard B. Ogilvie has outlined a 10-point safety program designed to make Illinois the "number one state in every aspect of traffic safety."

Key proposals in Ogilvie's special message to the 7th Illinois General Assembly would:

- Require any driver arrested for drunken driving to take a breathalyzer test or face suspension of his driver's license for a period of three months.
- Require all new cars sold in Illinois by 1973 to be equipped with bumpers designed to withstand an impact of five miles per hour.
- Increase by 50 per cent the present \$12 million annual state appropriation to the Railroad Grade Crossing Protection Fund to reduce fatalities at railroad crossings.

Ogilvie commented:

"Our concern must be total. We must not deal with isolated issues in accident prevention, but with all aspects of man's driving environment. We must consider the delicate balances among such elements as the driver, the road he drives on, the car he drives in, and the spiraling climate of costs that surrounds him."

The governor noted that programs already under way—especially an ambitious road-building effort—have begun to show results in reduced traffic death rates in Illinois.

Channel Hazards Are Cited

Chief Deputy Sheriff Jerome Schuetz today asked snowmobilers to be careful in traveling the channels between Bluff Lake and Lake Marie.

He reported that eight snowmobilers were drenched when they fell into the channel.

"I believe owners should be careful about riding the channels," he said. "An inspection is worth an ounce of prevention."

The chief deputy said that snowmobilers are breaking through the ice at other channels and private lakes.

"I urge you to be careful," he said.

Antioch Sophomores Defeat Lake Zurich

The Antioch Sophomore basketball team won its third consecutive game Friday by beating Lake Zurich 30-25. The win upped the team's conference record to 8 wins and 3 losses.

The game was obviously not a spectators' game. Both teams demonstrated good defenses and weak offenses. The game was tied at 9-9 at the end of the first quarter.

Shayne Schroeder had scored all three of Antioch's baskets. Antioch used a zone defense in the second and third quarters and completely stymied the Bears.

Lake Zurich could manage only five free throws during those two quarters. Antioch was not much better, scoring only six points.

In the fourth quarter the Sequoits went back to their pressure man-to-man defense. The Bears committed several turnovers and Antioch scored quickly to open up a 7 point lead.

Lake Zurich came back at the free throw line but they couldn't catch the Sequoits.

The box score:		G	FT	TP
Glen Amundsen		1	3	5
Mark Andrews		1	4	6

Mark Maras	0	4	4
Fred Popp	1	0	2
Shayne Schroeder	3	0	6

Class Offered In Boating

A Spring class for boaters and those interested in safe boating will be held April 5 at McHenry High School East campus.

This class offers a course in basic seamanship and cover most phases of small boat handling, rope handling, charting, aids to navigation, rules of the road and legal requirements.

More information may be obtained by calling 825-5436.

A Bronx VA Hospital research report significant results in the immunization of guinea pigs against leukemia. It was demonstrated for the first time that active, specific immunity can be obtained in lab animals.

Swim-A-Thon Nets Funds For Y Team

(picture on page 1—)

A 48 hour Swim-A-Thon was staged Jan. 30 by the Waukegan Y.M.C.A. swim team.

The response was overwhelming both by the sponsors' support and the participants' performances.

The purpose of the event was to raise money for the team. A business or individual could pledge or donate any amount of money in return for a certain amount of miles to be swum.

The team is very grateful to the many sponsors who made it possible for them to realize well over a thousand dollars. Among these sponsors were the following: Antioch merchants and business men: State Bank of Antioch, Lakes Area Barber Shop, Leo J. Fox Trucking and Excavating, William Nauman & Associates, William F. Buell, Inc. (formerly John F. Romer Agency), Walsh's All Seasons Sport Store, The Shoe Box, Wilton Electric, and King's Drug Store.

The team of 50 participants,

including in age from 6-18 years, accumulated a total of 552 1/2 miles. There were 11 swimmers from Antioch who totaled 108 miles. The top swimmers so far as production is concerned were 13-year-old Jeff Schmidt who led the team with 30 miles in about 16 hours and Jerry Schmidt, 12, who was second with 27 miles.

The other Antioch swimmers who also did a fine job were Mary St. Pierre, 12, with 12 1/2 miles; Kim Klopp, 13, with 7 miles; Jenny Schmidt, 9, with 9 miles; Johnny Schmidt, 7, with 8 miles; Jackie Fields, 10, with 5 miles; Linda Fields, 11, with 4 miles; Teddy White, 7, with 2 1/2 miles; and Craig White, 6, with 1 mile.

The Swim-A-Thon was organized by the older members of the team under the leadership of Jane and Judy Berry. The two girls are the daughters of Roy and Marty Berry, the team's coaches, who supervised the whole affair.

Anderson On Racing Circuit

Tom Anderson, Interstate Racing Association (IRA) super-modified driver from Antioch, started his racing career early this year as he completed Jan. 31 in the opening of the IMCA "Winter-nationals" for sprint cars at Macon, Ga.

Qualifying 24th in a field of 55 cars, barely one second separated him from the front runners on this half-mile, high-banked asphalt oval.

Starting at the rear of a 15-lap heat race, Anderson was forced to charge through five wildly spinning cars as he drove to a fourth-place finish.

In the accident-marred feature event he had to retire from the race while running sixth when a piece of equipment from another car lodged in his radiator, allowing him only a 15th place finish.

Accompanying Anderson in his quest for sprint car fame are IRA drivers Roger Otto and Parnelli Jagadinsky acting as his pit crew.

The Chapman powered car is owned by Byron Russell of Milwaukee, Wis. IMCA "Winter-nationals" will continue through the month of February as the Anderson team follows the circuit, to Tampa, Fla.

The Antioch High School sophomore wrestling team traveled to Round Lake High School Saturday and came home with the Conference Championship.

The young grapplers went into the tournament tied with Lake Forest and Grant for first place with a 6-1 record.

THE ANTIOCH NEWS—6

Soph Matmen Run Away With Conference Title

The Antioch High School sophomore wrestling team traveled to Round Lake High School Saturday and came home with the Conference Championship.

The young grapplers went into the tournament tied with Lake Forest and Grant for first place with a 6-1 record.

Going into the finals of the

Six Take Part In Joliet Meet

Saturday morning six Antioch boys participated in the Joliet Boys Club wrestling tournament. The tournament had over 700 entries, and had many of the best grade school wrestlers in the State of Illinois present.

Antioch boys participating were Mark Ring, John Davis, Scott Shaffer, Dennis Thain, John Kakeck, and Terry Lear.

Dennis Thain drew a bye, won by a fall over Carol Stream and lost to Tinsley Park. John Kakeck lost in the second period by a fall to Home School of Berwyn. Mark Ring drew a bye, and then lost by a second period fall to Joliet Boys Club. John Davis won by a pin over Apollo Junior High of Des Plaines, and lost a tough 7-4 decision to East Maine. Scott Shaffer lost by a third period fall to West Chicago. Scott was leading 2-1 at the time of the pin. Terry Lear advanced to the quarter-finals in the 109 pound class before losing a heart-breaking 6-5 decision to Shabbona Park Boys Club. Terry had a second period pin over Lincolnway, a rugged 4-2 decision over Lisle and a second period fall over Tinsley Park.

tournament Antioch had 101 points and needed to win only 2 of 10 matches to win the championship. Coach Bartosz was extremely pleased with the results. "Last year we took 5 boys to the finals, still took second place by 1 point. This year the boys came to wrestle and we took 7 to the finals."

Antioch took 10 boys through the first round of wrestling, losing only at 105 lbs., where freshman Bob Kumpfer got pinned by Gary Welter (2nd place) of Grayslake, and at 145 lbs., when soph Terry Olson lost a debated close decision match 7-6 to Bruce Neme (4th place) of Warren. This is the second year that Antioch has scored in 10 of 12 possible weights in the conference tourney.

Place winners for Antioch were: Freshman 98 lb. John Roberts, 3rd place; Soph 112 lbs. Don Harmon, 2nd place; Soph 119 lb. John Thain, 3rd place; Soph 126 lb. Steve Shaffer, 2nd place; Soph 132 lb. Al Weber, 1st place; Soph 138 lb. Andy Feldman, 2nd place; Soph 155 lb. Randy Lipman, 1st place; Soph 167 lb. Doug Banwart, 3rd place; Soph 185 lb. Mike Ament, 1st place, and Soph Heavyweight Tom Rayniak, 2nd place.

Coach Bartosz praised Mike Ament championship, for Mike was unable to wrestle as a freshman because of injury, and was also pleased with Doug Banwart, a first year boy for taking 3rd.

Randy Lipman ended the season with the best record of 17-1 and 12 pins. His only loss came with the finals of the Soph Christmas Tournament.

The future looks bright for the Soph grapplers as the freshman team was undefeated in Conference action.

Final team standings were:

College Wrestlers Ranked In Top 20

The College of Lake County, sporting an 8-2 record, is ranked fourteenth in the top twenty Junior College Wrestling Teams. Triton College of the Skyway Conference, River Grove, ranked third with a 14-1 record.

Dennis Parker, Waukegan, who wrestled for the College of Lake County in the 142 pound class, was cited by the coaches as a member of the 1971 Mid-Season NJCAA Honor Roll.

Antioch Wrestlers Defeat Schaumburg

On Friday night the Antioch Freshman Sequoits completed their 1970-71 wrestling schedule with a 37-20 victory over Schaumburg High School.

Bill Beese raised his record to 13-1 with a win by default. At the time of the Schaumburg wrestler's injury, Beese was leading by a score of 9-2.

In the 185-pound class Steve Solomon won his tough match with a second period fall. At the time of the pin, the score was 0-0. The win upped Solomon's season record to 11-3.

Brad Partlow continued to combine fine wrestling with hard luck. With a season record of 6-5-2, Brad has four of his five losses by scores of 0-2, 0-2, 0-2 and 0-4. In the first of two tied matches, Partlow scored 6 points in the third period to tie 8-8. In the other draw, the Antioch 138 pounder had to settle for a 1-1 tie when he was penalized for locked hands. Coach Steve Wapen feels that "Brad is about one-half a step away from being a top winner for Antioch. He could be a sophomore conference champion next year."

At 132 pounds, John Meyer completed the season with a third period fall to run his unbeaten string to 12 straight matches—with 11 pins.

The win over Schaumburg left the Sequoits with a season record of 10 wins and 4 losses.

Antioch at Schaumburg Feb. 5

98 lbs.—Evans, Sch., pinned Edwards, Ant., in 0:23.

105—Taylor, Ant., won by forfeit from Sch.

112—Dietz, Ant., won by forfeit.

119—Sweatman, Ant., won by forfeit.

126 — Calabria, Sch., pinned Westman, Ant., 1:42.

132—Meyer, Ant., pinned Lee, Sch., 5:39.

138—Buchus, Sch., took a decision from Stout, Ant., 13-1.

145—Partlow, Ant., and Motisi, Sch., drew, 1-1.

155 — Carpenter, Sch. pinned Shlabach, Ant., 1:20.

167—Beese, Ant., won by default over McGloin, Sch., 9-2.

185 — Solomon, Ant., pinned Keonhan, Sch., 3:59.

Hwt.—Nixon, Ant., won by forfeit.

Final team score: Antioch 37; Schaumburg, 20.

Emmons 5 Wins Easily

Emmons Grade School basketball team traveled to Newport School for two basketball games on Wednesday, Feb. 3. The Raiders returned home with two victories.

In the B game Emmons won 29-19. At the end of the first half Emmons held a slim 13-11 lead. However, Emmons switched from a zone defense to a man to man and Newport came undone in the second half. High scorer for Emmons was Bill Dubek and Scott Maras added 8.

The Emmons Raiders A team came out in their UCLA full court zone press. From the opening tip off, it was all Emmons. After the first quarter Emmons had a commanding lead of 16-4. All of the Emmons points in the first quarter were scored by guard Bob Dodd. Newport was unable to move the ball against the press in the second quarter. When the first half was over, Emmons led 30-10.

Throughout the second half Emmons used all of its bench. In this half play was again dominated by Emmons. The Raiders outscored Newport 26-12.

Leading all scorers was Bob Dodd with 28 points. Also in double figures was Jeff Schmidt with 10. Newport was led by Lee Hayden with 8. Leading all rebounders was Jim January with 10. Jeff Schmidt and Don Mahar added 8 and 7 respectively.

Emmons closed out the first half of conference play with an unblemished 5-0 record. The team through five games has averaged 54 points while allowing their opponents 26 points per game.

Leading all scorers was Bob Dodd with 28 points. Also in double figures was Jeff Schmidt with 10. Newport was led by Lee Hayden with 8. Leading all rebounders was Jim January with 10. Jeff Schmidt and Don Mahar added 8 and 7 respectively.

Emmons closed out the first half of conference play with an unblemished 5-0 record. The team through five games has averaged 54 points while allowing their opponents 26 points per game.

Sequoits Rated 14th In State

By the Sixth Man

Antioch continued its winning streak to 8 by defeating Lake Zurich 79 to 62.

Although we beat Lake Zurich by 17 points our defense lacked the hustle that we had earlier in the year. It seems that we are doing too much reaching and not enough moving with the ball.

Two of our starters, Keith Bolton and Steve Bentel, fouled out in the late stages of the game to further complicate the defensive situation.

Steve Bentel has really done a great job on defense this year. The Lake Zurich game has been one of the few times that Steve has fouled out this year.

Keith Bolton again proved his importance to the team as he netted 26 points for the Friday outing. I think Keith was the key to the Sequoits' ability to crack the zone defense.

Lake Zurich defensively double covered Keith underneath. This opened up the outside shot for Steve Bentel and the driving lay-up for Tom Martin.

The Sequoits in the ball handling department didn't perform quite up to par, losing the ball 19 times without shooting. This is the most violations we have had since the Boylan game two months earlier.

Jeff Williams and Ken Tell both came off the bench to play aggressive ball and to dominate

the boards along with Keith. Ken Tell provided his first two varsity points in the Lake Zurich game.

It's been a long, hard drag for the Sequoits but we've made the ratings in the Illinois Prep spot special. We are now 14th in the middle sized schools. I think a large amount of the credit for this achievement should go to Mr. Andrews. In my estimation Mr. Andrews has done an excellent job for the Sequoits on and off the court.

Waukegan, North Chicago Cited For Fishing, Boating

The Waukegan-North Chicago area is highly industrialized, yet is one of the best areas in the nation for fishing and boating, the Illinois Business Review said today.

The Waukegan-North Chicago area is featured in the "Know Your State" section of the Review, published monthly by the Bureau of Economic and Business Research in the University of Illinois at Urbana-Champaign.

The area has more than 100 manufacturing firms. Those at Waukegan include the Johnson-Manville Corp., Johnson Motors,

United States Steel Corp., VR/Wesson Co. and United States Envelope Co., while North Chicago's industrial concerns include Abbott Laboratories, Fansteel Inc., and Goodyear Tire and Rubber Co.

Waukegan was called "Petite Fort" or "Little Fort" by the French traders who first settled there at the end of the 17th century. When the community was incorporated as a city in 1839, it was named "Waukegan," which means "Fort" in Algonquin.

North Chicago, first settled in 1891, was known as South Waukegan until its incorporation as a city in 1909.

Waukegan Harbor is one of only two Illinois ports on Lake Michigan, and has mooring facilities for two large lake or ocean-going ships which can be docked without the aid of tugboats.

"Many improvements—including a new Waukegan public library, a new county courthouse and better street lighting—were made in the Waukegan-North Chicago area, and others are anticipated for the coming decade," the Review said.

Program Is Outlined Auto Safety

Gov. Richard B. Ogilvie has outlined a 10-point safety program designed to make Illinois the "number one state in every aspect of traffic safety."

Key proposals in Ogilvie's special message to the 7th Illinois General Assembly would:

—Require any driver arrested for drunken driving to take a breathalyzer test or face suspension of his driver's license for a period of three months.

—Require all new cars sold in Illinois by 1973 to be equipped with bumpers designed to withstand an impact of five miles per hour.

—Increase by 50 per cent the present \$1.2 million annual state appropriation to the Railroad Grade Crossing Protection Fund to reduce fatalities at railroad crossings.

Ogilvie commented: "Our concern must be total. We must not deal with isolated issues in accident prevention, but with all aspects of man's driving environment. We must consider the delicate balances among such elements as the driver, the road he drives on, the car he drives in, and the spiraling climate of costs that surrounds him."

The governor noted that programs already under way—especially an ambitious road-building effort—have begun to show results in reduced traffic death rates in Illinois.

Channel Hazards Are Cited

Chief Deputy Sheriff Jerome Schuetz today asked snowmobilers to be careful in traveling the channels between Bluff Lake and Lake Marie.

He reported that eight snowmobilers were drowned when they fell into the channel.

"I believe owners should be careful about riding the channels," he said. "An inspection is worth an ounce of prevention."

The chief deputy said that snowmobilers are breaking through the ice at other channels and private lakes.

"I urge you to be careful," he said.

Antioch Sophomores Defeat Lake Zurich

The Antioch Sophomore basketball team won its third consecutive game Friday by beating Lake Zurich 30-25. The win upped the team's conference record to 8 wins and 3 losses.

The game was obviously not a spectators' game. Both teams demonstrated good defenses and weak offenses. The game was tied at 9-9 at the end of the first quarter.

Shayne Schroeder had scored all three of Antioch's baskets. Antioch used a zone defense in the second and third quarters and completely stymied the Bears.

Lake Zurich could manage only five free throws during those two quarters. Antioch was not much better, scoring only six points.

In the fourth quarter the Sequoits went back to their pressure man-to-man defense. The Bears committed several turnovers and Antioch scored quickly to open up a 7-point lead.

Lake Zurich came back at the free throw line but they couldn't catch the Sequoits.

Class Offered In Boating

A Spring class for boaters and those interested in safe boating will be held April 5 at McHenry High School East campus.

This class offers a course in basic seamanship and cover most phases of small boat handling, rope handling, charting, aids to navigation, rules of the road and legal requirements.

More information may be obtained by calling 825-5436.

A Bronx VA Hospital researcher reports significant results in the immunization of guinea pigs against leukemia. It was demonstrated for the first time that active, specific immunity can be obtained in lab animals.

Swim-A-Thon Nets Funds For Y Team

(picture on page 1—

A 48 hour Swim-A-Thon was staged Jan. 30 by the Waukegan Y.M.C.A. swim team.

The response was overwhelming both by the sponsors' support and the participants' performances.

The purpose of the event was to raise money for the team. A business or individual could pledge or donate any amount of money in return for a certain amount of miles to be swum.

The team is very grateful to the many sponsors who made it possible for them to realize well over a thousand dollars. Among these sponsors were the following: Antioch merchants and business men: State Bank of Antioch, Lakes Area Barber Shop, Leo J. Fox Trucking and Excavating, William Nauman & Associates, William F. Buell, Inc. (formerly John F. Romer Agency), Walsh's All Seasons Sport Store, The Shoe Box, Wilton Electric, and King's Drug Store.

The team of 50 participants,

ranging in age from 6-18 years, accumulated a total of 552½ miles. There were 11 swimmers from Antioch who totaled 108 miles. The top swimmers so far as production is concerned were 13-year-old Jeff Schmidt who led the team with 30 miles in about 16 hours and Jerry Schmidt, 12, who was second with 27 miles.

The other Antioch swimmers who also did a fine job were Mary St. Pierre, 12, with 12½ miles; Kim Klopp, 13, with 7 miles; Jenny Schmidt, 9, with 8 miles; Johnny Schmidt, 7, with 8 miles; Jackie Fields, 10, with 5 miles; Linda Fields, 11, with 4 miles; Teddy White, 7, with 2½ miles and Craig White, 6, with 1 mile.

The Swim-A-Thon was organized by the older members of the team under the leadership of Jane and Judy Berry. The two girls are the daughters of Roy and Marty Berry, the team's coaches, who supervised the whole affair.

Anderson On Racing Circuit

Tom Anderson, Interstate Racing Association (IRA) super-modified driver from Antioch, started his racing career early this year as he competed Jan. 31 in the opening of the IMCA "Winter-nationals" for sprint cars at Macon, Ga.

Qualifying 24th in a field of 55 cars, barely one second separated him from the front runners on this half-mile, high-banked asphalt oval.

Starting at the rear of a 15-lap heat race, Anderson was forced to charge through five wildly spinning cars as he drove to a fourth-place finish.

In the accident-marred feature event he had to retire from the race while running sixth when a piece of equipment from another car lodged in his radiator allowing him only a 15th place finish.

Accompanying Anderson in his quest for sprint car fame are IRA drivers Roger Otto and Parnelli Jaggedinsky acting as his pit crew.

The Chapman powered car is owned by Byron Russell of Milwaukee, Wis. IMCA "Winter-nationals" will continue through the month of February as the Anderson team follows the circuit, to Tampa, Fla.

Dates Set For Mat Clinic

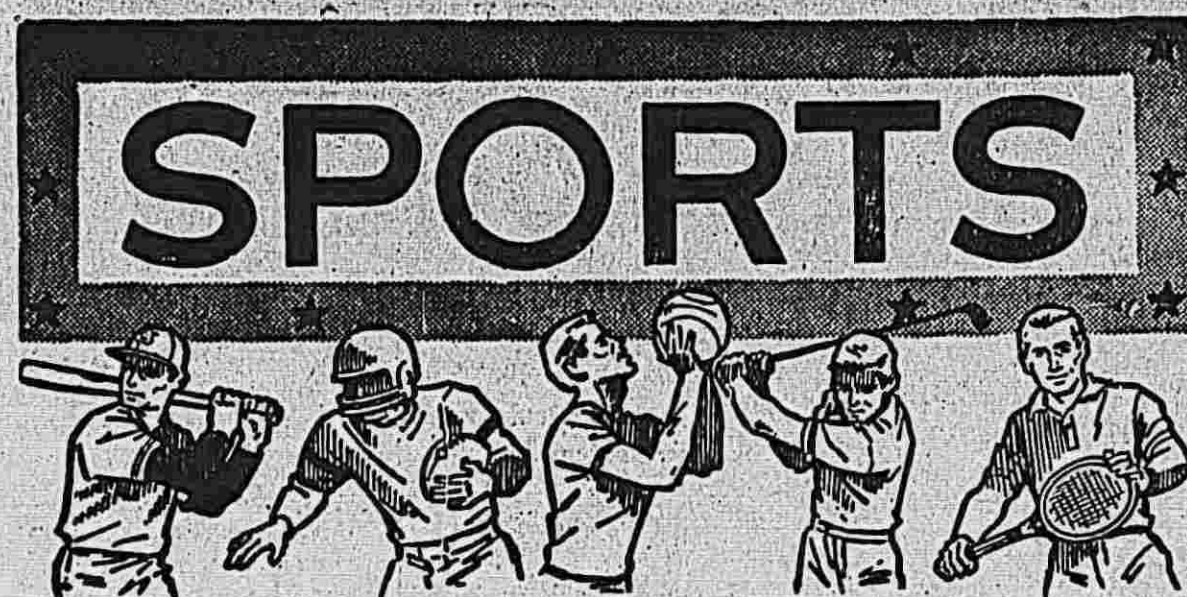

Grade school boys in the Antioch area are invited to attend the Antioch wrestling clinic and wrestling tournament.

Dates of the practice sessions are:

Monday, February 22
Tuesday, February 23
Wednesday, February 24
Thursday, Feb. 25
Monday, March 1
Tuesday, March 2
Wednesday, March 3
Thursday, March 4

All practice sessions run from 4 p.m. to 5:30 p.m.

On Saturday, March 6, the boys will be able to put their skills to work in the third annual Antioch Invitational Wrestling Tournament. There will be ribbons awarded for first, second and third place in each of 17 different weight classes. All interested boys should pick up entry blanks from their P. E. teachers and report to practice at 4:00 p.m. on Monday, Feb. 22.

Thurs., February 11, 1971

THE ANTIOCH NEWS—6

Soph Matmen Run Away With Conference Title

The Antioch High School sophomore wrestling team traveled to Round Lake High School Saturday and came home with the Conference Championship.

The young grapplers went into the tournament tied with Lake Forest and Grant for first place with a 6-1 record.

Going into the finals of the

tournament Antioch had 101 points and needed to win only 2 of 10 matches to win the championship. Coach Bartosz was extremely pleased with the results. "Last year we took 5 boys to the finals, still took second place by 1 point. This year the boys came to wrestle and we took 7 to the finals."

Antioch took 10 boys through the first round of wrestling, losing only at 105 lbs., where freshman Bob Kumpfer got pinned by Gary Welter (2nd place) of Grayslake, and at 145 lbs., when soph Terry Olson lost a debated close decision match 7-6 to Bruce Nieme (4th place) of Warren. This is the second year that Antioch has scored in 10 of 12 possible weights in the conference tourney.

Place winners for Antioch were Freshman 98 lb. John Roberts, 3rd place; Soph 112 lbs. Don Harmon, 2nd place; Soph 110 lb. John Thain, 3rd place; Soph 126 lb. Steve Shaffer, 2nd place; Soph 132 lb. Al Weber, 1st place; Soph 138 lb. Andy Feldman, 2nd place; Soph 155 lb. Randy Lipman, 1st place; Soph 167 lb. Doug Banwart, 3rd place; Soph 185 lb. Mike Ament, 1st place, and Soph Heavyweight Tom Rayniak, 2nd place.

Coach Bartosz praised Mike Ament championship, for Mike was unable to wrestle as a fresh-

man because of injury, and was also pleased with Doug Banwart, a first year boy for taking 3rd.

Randy Lipman ended the season with the best record of 17-1 and 12 pins. His only loss came with the finals of the Soph Christmas Tournament.

The future looks bright for the Soph grapplers as the freshman team was undefeated in Conference action.

Final team standings were:

	Points
1st—Antioch	117
2nd—Lake Forest	65
3rd—Grant	77
4th—Round Lake (Tie)	59
4th—Grayslake (tie)	59
6th—Warren	54
7th—Wauconda	21
8th—Lake Zurich	11

College Wrestlers Ranked In Top 20

The College of Lake County, sporting an 8-2 record, is ranked fourteenth in the top twenty Junior College Wrestling Teams. Triton College of the Skyway Conference, River Grove, ranked third with a 14-1 record.

Dennis Parker, Waukegan, who wrestled for the College of Lake County in the 142 pound class, was cited by the coaches as a member of the 1971 Mid-Season NJCAA Honor Roll.

Antioch Wrestlers Defeat Schaumburg

On Friday night the Antioch Freshman Sequoits completed their 1970-71 wrestling schedule with a 37-20 victory over Schaumburg High School.

Bill Beese raised his record to 13-1 with a win by default. At the time of the Schaumburg wrestler's injury, Beese was leading by a score of 9-2.

In the 185 pound class Steve Solomon won his tough match with a second period fall. At the time of the pin, the score was 0-0. The win upped Solomon's season record to 11-3.

Brad Partlow continued to combine fine wrestling with hard luck. With a season record of 6-5-2, Brad has four of his five losses by scores of 0-2, 0-2, 0-2 and 0-4. In the first of two tied matches, Partlow scored 6 points in the third period to tie 8-8. In the other draw, the Antioch 138 pounder had to settle for a 1-1 tie when he was penalized for locked hands. Coach Steve Wapton feels that "Brad is about one-half a step away from being a top winner for Antioch. He could be a sophomore conference champion next year."

At 132 pounds, John Meyer completed the season with a third period fall to run his unbeaten string to 12 straight matches—with 11 pins.

The win over Schaumburg left the Sequoits with a season record of 10 wins and 4 losses.

Antioch at Schaumburg Feb. 5
98 lbs.—Evans, Sch., pinned Edwards, Ant., in 0:23.

105—Taylor, Ant., won by forfeit from Sch.

112—Dietz, Ant., won by forfeit.

119—Sweetman, Ant., won by forfeit.

126—Calabria, Sch., pinned Westman, Ant., 1:42.

132—Meyer, Ant., pinned Lee, Sch., 5:39.

138—Buchus, Sch., took a decision from Stout, Ant., 13-1.

145—Partlow, Ant., and Motisi, Sch., drew, 1-1.

155—Carpenter, Sch., pinned Shlabach, Ant., 1:20.

167—Beese, Ant., won by default over McGlooin, Sch., 9-2.

185—Solomon, Ant., pinned Kocuhian, Sch., 3:59.

Hwt.—Nixon, Ant., won by forfeit.

Final team score: Antioch 37; Schaumburg, 20.

Emmons 5 Wins Easily

Emmons Grade School basketball team traveled to Newport School for two basketball games on Wednesday, Feb. 3. The Raiders returned home with two victories.

In the B game Emmons won 29-19. At the end of the first half Emmons held a slim 13-11 lead. However, Emmons switched from a zone defense to a man to man and Newport came undone in the second half. High scorer for Emmons was Bill Dubek and Scott Maras added 8.

The Emmons Raiders A team came out in their UCLA full court zone press. From the opening tip off, it was all Emmons. After the first quarter Emmons had a commanding lead of 16-4. All of the Emmons points in the first quarter were scored by guard Bob Dodd. Newport was unable to move the ball against the press in the second quarter. When the first half was over, Emmons led 30-10.

Throughout the second half Emmons used all of its bench. In this half play was again dominated by Emmons. The Raiders outscored Newport 26-12.

Leading all scorers was Bob Dodd with 28 points. Also in double figures was Jeff Schmidt with 10. Newport was led by Leo Hayden with 8. Leading all rebounders was Jim January with 10. Jeff Schmidt and Don Mahar added 8 and 7 respectively.

Emmons closed out the first half of conference play with an unblemished 5-0 record. The team through five games has averaged 54 points while allowing their opponents 26 points per game.

Public Aid Rolls Make Gain In November

Preliminary data for November indicate another rise in public aid rolls, according to Harold O. Swank, director of the Illinois Department of Public Aid.

"The actual rise is not yet known because complete data are not yet available on some programs. However, it is known that there was an increase of 9,934 in the number of persons receiving money payments from either aid to dependent children or assistance to the aged, blind or disabled. Cook county accounted for 5,471 of the increase, and downstate counties, 4,463," Swank said.

He added, "Data are not yet available on total expenditures and on the number of persons who received local general assistance or medical assistance only."

During October, the latest month of complete record for all programs, the state's public aid rolls reached 696,642 persons, an increase of 15,605 over September and 137,725 higher than a year ago.

All programs increased, Swank said. The net gain of 15,605 reflects a decrease of 628 persons in 35 counties, an increase of 16,233 in 66 counties and no change in one county. Cook County's increase was 9,603.

Total October expenditures were \$4,815,101, an increase of \$2,193,983 over September and an increase of \$18,754,948 over October 1969. Current expenditures include \$320,462 in payments for foster care, aid to the medically indigent in Chicago and Cicero, and burials.

The October caseload included 530,045 persons on assistance to the aged, blind or disabled and aid to dependent children receiving money grants and eligible for medical care; 72,886 eligible for medical assistance only, and 93,711 on general assistance. Re-

spective figures for September were 517,573, 70,878 and 92,586; and for October 1969, 436,140, 61,984 and 70,787.

The 72,886 persons eligible for medical assistance only, up 2,008 over September, are included in the trends of the individual programs which follow. The October cost was \$9,039,391.

The aid to dependent children program served 477,538 persons in October, an increase of 13,941 over September and 103,952 higher than in October 1969. Of the total ADC increase in October, Cook County accounted for 59.6 per cent, or 7,777 persons. Expenditures were \$35,016,285 in October, an average of \$73.33 per person; \$33,660,429 in September; and \$24,067,421 in October 1969.

Old age assistance helped 67,267 persons, 491 more than in September and 2,348 more than a year ago. Expenditures in October were \$9,240,254, an average of \$137.37 per person; \$9,035,691 in September; and \$7,516,400 in October 1969.

Blind assistance numbered 1,956 persons in October, down three from the previous month and 35 less than a year ago. Expenditures were \$305,580 in October, an average of \$156.23 per person; \$282,476 in September; and \$286,710 a year ago.

The disability assistance program in October rose by 951 persons to 56,200. The October 1969 total was 47,664. Expenditures in October were \$10,778,520, an average of \$191.70 per person; \$10,768,318 in September; and \$8,441,316 in October 1969.

General assistance—all units—was received by 93,711 persons, up 1,125 over September and 22,924 more than October 1969. Expenditures in October were \$9,154,000, an average of \$97.68 per person; \$9,252,581 the previous month; and \$5,075,984 a year ago.

Rules Outlined For Snow Blower Safety

The snow thrower, long a status symbol for the American homeowner, has now assumed its proper role of a valuable time, labor and heart saver for the middle-aged suburbanite. Unfortunately, as with so many other innovations of our time, the snow blower brings with it added hazards for the uninformed user.

For the most part, it presents a menace to fingers and toes, often causing severe lacerations and amputations. In some instances it has the potential of even more severe injury. A brief description of its hazards and a few rules for safe operation follow.

The auger at the front of the machine, which bites into and throws the snow, appears to be the greatest injury-producing part. Injuries from this source usually occur when the operator attempts to clear debris from it without first shutting off the engine. Some models may also have an additional auger for "throwing" the snow out of the path. Though these are usually more completely enclosed, they can also cause injury to fingers. In addition, moving gears, drive chains, and belts also present similar injury potential.

Because ice, stones, and other hard objects are often picked up and thrown at high velocity along with the snow, it is unwise for the operator or anyone else to stand or walk into the path of the discharge.

As with any device using gasoline or other flammable liquids, precautions should be taken to prevent fire or explosion. If the unit is electrically driven, the operator should assure himself that it is properly grounded at all times to prevent accidental shock.

The following rules should be observed to ensure maximum safety when operating a snow thrower.

1. Read the instruction manual and safety precautions furnished with your snow thrower before attempting to assemble or start it.
2. Familiarize yourself with the controls and use of the equipment.
3. Check the fuel level before each use to avoid refilling the tank while the engine is hot. Wipe off any gasoline spills and be sure the tank cap is snug.
4. Keep the area to be plowed free of sticks, stones, toys and other obstacles which could be picked up and thrown by the impeller.
5. If your thrower is electrically powered, assure yourself that the unit is effectively and continuously grounded and that the power and extension cords are in good condition.
6. If your engine has a wind-up (ratchet or impulse) starter, assure yourself that the engine will operate freely before actuating the starter release.
7. Before starting the engine, be sure to disengage all clutches and check to see that all rotors, augers, and impellers are free to rotate.
8. Assume a firm stance and keep your feet at a safe distance from the auger before pulling the "start" rope.
9. Do NOT lean your snow thrower to any person who is not familiar with its operation or the safety rules concerning it, and don't allow children or young teenagers to operate it.
10. During operation rules are:
 1. NEVER attempt to clear debris from your snow thrower, make adjustments, or change the "throw" direction of the discharge chute (unless a control is provided for this purpose near the handle), without first shutting off the engine and disconnecting the spark plug wire. The wire should be kept at least two inches from the spark plug. If the thrower is electrically powered, unplug the power cord.
 2. Keep children and pets away from the area being plowed, and never walk in front of the discharge chute while the unit is running.
 3. Do not place hands, feet, and loose clothing near ANY moving parts and always keep all guards in place.
 4. Never leave the thrower running unattended.
 5. Be sure of your footing at all times and never operate the unit on precarious surfaces.
 6. Never attempt to scrape off ALL the snow from gravel and crushed rock surfaces. Instead, adjust the height to approximately an inch above the surface.
 7. If it is necessary to operate the engine in a garage or other enclosed space, open doors and windows to provide sufficient ventilation.
 8. Never attempt to operate the unit faster than the speed specified by the manufacturer.
 9. Keep all nuts and bolts tight. If undue vibration is noted, do not use until the condition has been corrected.
 10. Learn how to stop the engine and moving parts quickly in case of emergency.

6. If your engine has a wind-up (ratchet or impulse) starter, assure yourself that the engine will operate freely before actuating the starter release.

7. Before starting the engine, be sure to disengage all clutches and check to see that all rotors, augers, and impellers are free to rotate.
